Universal Credit roll-out postcodes and key dates

This table shows the roll-out of Universal Credit. It shows which postcode areas are covered from certain dates. Only people in each postcode who meet certain rules are eligible to claim – From 29 April 2013 to 15 June 2014 these were called the pathfinder conditions. From 16 June 2014 these are called the 'gateway conditions'. Initially, these gateway conditions were very narrow, but over time they have been expanded for some postcodes. You can ctrl+click the relevant gateway conditions in the right hand column to find a brief summary of the requirements. People who live in digital areas do not need to meet the gateway conditions.

To search for your postcode use the find function and enter the first 3 or 4 letters/numbers of your postcode. For example if your postcode is DL1 6GT then you should enter DL1 in the find box. If your postcode is DL16 6GT then you should enter DL16 in the find box within your PDF viewer. If you cannot find your postcode, then from 25 April 2016 your area became a live service area with Gateway Conditions 9 applicable.
