## Universal Credit roll-out postcodes and key dates

This table shows the roll-out of Universal Credit. It shows which postcode areas are covered from certain dates and whether they are in the live service or digital full service. You can ctrl+click the relevant gateway conditions in the right hand column to find a brief summary of the requirements. People who live in digital areas do not need to meet the gateway conditions.

**To search for your postcode use the find function and enter the first 4 or 5 letters/numbers of your postcode. For example if your postcode is DL1 6GT then you should enter DL1 6 in the find box. If your postcode is DL16 6GT then you should enter DL16 6 in the find box within your PDF viewer. If that does not produce any results then you should search the first 3 or 4 letters/numbers (e.g. DL1 or DL16) If you cannot find your postcode in the document, then from 25 April 2016 your area became a live service area with Gateway Conditions 9 applicable.**
