Provisional figures.

1. Includes a small number of accounts which will not yet have been opened by either the parents or HMRC. This can be where the voucher has not yet expired, or for example where the child has died or emigrated before an account was opened.

Notes on tables:

1. These numbers do not fall under National Statistics. They are based on Child Trust Fund (CTF) endowment records as at 20 September 2011 and annual CTF provider returns as of 5 April 2011.
2. These tables relate to children born between 1 September 2002 and 5 April 2010.
3. The data used here shows figures for the number of vouchers issued and the proportion of them that were used to open an account by parents or guardians. This covers more cases than presented in the Detailed Distributional Analysis in so far as this analysis includes vouchers issued to children born on or before 5 April 2010 where the account was not reported as opened by 5 April 2011.
4. Please see the CTF Detailed Distributional Analysis for December 2011 for further technical notes.

Provisional figures.

1. Includes a small number of accounts which will not yet have been opened by either the parents or HMRC. This can be where the voucher has not yet expired, or for example where the child has died or emigrated before an account was opened.

Notes on tables:

- These numbers do not fall under National Statistics. They are based on Child Trust Fund (CTF) endowment records as at 20 September 2011 and annual CTF provider returns as of 5 April 2011.
- These tables relate to children born between 1 September 2002 and 5 April 2010.
- The data used here shows figures for the number of vouchers issued and the proportion of them that were used to open an account by parents or guardians. This covers more cases than presented in the Detailed Distributional Analysis in so far as this analysis includes vouchers issued to children born on or before 5 April 2010 where the account was not reported as opened by 5 April 2011.
- Please see the CTF Detailed Distributional Analysis December 2011 for further technical notes.
