

Getting your tax credits claim form right

Use these Notes to help you

Claiming as a couple

You must claim as a couple if you are married, living with someone as if you are married, or in a civil partnership. If you are legally separated or your separation is likely to be permanent, you should make a single claim. For example, you are in the process of getting divorced.

You should still make a joint claim as a couple even if you are living apart temporarily. For example, one of you is working away. If you do not have a partner, you should make a single claim based on your individual circumstances.

If you are claiming as part of a couple, you need to decide at the beginning whose details will go in the 'YOU' column and whose in the 'YOUR PARTNER' column. It does not matter as long as you stick to the same column throughout the form.

It is important you understand the differences between claiming as a single person and claiming as a couple. If you get this wrong, you could build up an overpayment that you have to pay back. You may also have to pay a penalty. For more information about claiming as a couple go to www.gov.uk/claim-tax-credits/joint-claims

If you don't know what to put for an answer

If you are not sure what to put while filling in the form, leave the box blank for now. Make a note of the box number and carry on. When you have done as much as you can, phone us for help with the boxes you left blank.

The Tax Credit Office aims to deal with your claim within three weeks of receiving it, but it can take up to five weeks to receive your decision notice. If your circumstances change in the meantime, you must tell us straightaway.

Backdating your claim

We can normally only backdate your tax credits for up to **one month** from the date we get your claim. So, to avoid losing money make sure you claim straightaway.

You will need to ask for backdating if:

- you're only claiming Working Tax Credit (you're not claiming for any children), or
- you've been getting Income Support, income-based Jobseeker's Allowance, income-related Employment and Support Allowance, or Pension Credit.

To ask for backdating, please attach a separate sheet of paper to your claim form telling us:

- your name, address and National Insurance number, and
- the date you started work, or
- the start date of Income Support, income-based Jobseeker's Allowance, income-related Employment and Support Allowance or Pension Credit.

If you are entitled to the disability element and you were awarded a qualifying sickness or disability benefit (for example, Disability Living Allowance or Personal Independence Payment) you may be entitled to more than one months backdating.

If you think this applies to you, please tell us in your letter the date the benefit was awarded from.

You need to tell us within **one month** of being notified of the qualifying sickness or disability benefit decision.

If you are entitled to tax credits we may recover previously overpaid tax credits from your award.

Universal Credit

Tax credits will gradually be replaced by Universal Credit. You cannot receive Universal Credit and tax credits at the same time.

We have a range of services for people with disabilities, including guidance in Braille, audio and large print. All of our leaflets and factsheets are also available in large print. Please contact any of our phone helplines if you need these services.

1.6 Phone number

Please give us phone numbers we can easily contact you on. This will allow us to contact you quickly if we have any queries.

1.9 Do you usually live in the United Kingdom?

This question is about the country you live in most of the time. The UK is England, Wales, Scotland and Northern Ireland. It doesn't include the Isle of Man or the Channel Islands. It doesn't usually matter if you sometimes go to other countries on holiday or for work.

1.12 Highest Rate Care Component of Disability Living Allowance, Enhanced daily living component of Personal Independence Payment or Higher Rate of Attendance Allowance

If you (or your partner) get one of these benefits, and you qualify for Working Tax Credit, you can get the severe disability element of tax credits.

If you are waiting to hear about a claim for one of these benefits, leave this box blank. As soon as you know that the benefit is going to be paid to you, let us know the date it will start.

If you get one of these benefits on behalf of a child, leave this box blank. You will be asked about this in Part 2.

1.13 If you or your partner are incapacitated, an inpatient in hospital, in prison either on remand or serving a custodial sentence or entitled to Carer's Allowance

Please read the notes on page 6 before you answer this question.

The image shows a screenshot of the 'PART 1 PERSONAL DETAILS continued' form. It is divided into two main columns: 'YOU' and 'YOUR PARTNER'. Each column contains several questions with input fields and checkboxes. Questions 1.6, 1.7, 1.8, and 1.9 are highlighted with blue boxes and arrows pointing to explanatory text on the left. Questions 1.11 and 1.12 are also highlighted with blue boxes and arrows pointing to explanatory text on the right. At the bottom, there is a 'COUPLES' section with question 1.13, which is also highlighted with a blue box and arrow. A plus sign (+) is visible between the 'YOU' and 'YOUR PARTNER' sections, indicating that both must be completed for couples.

1.8 Subject to immigration control

You are subject to immigration control if:

- the Home Office says you can stay in the UK (known as 'leave to enter or remain') but only if you don't claim some benefits, tax credits or housing help paid by the UK government (known as 'recourse to public funds'), or
- you need permission to stay in the UK (known as 'leave to enter or remain') but you don't have it.

If you are subject to immigration control, or you're not sure if you are, you might still be able to get tax credits. Please phone the helpline to ask us.

If you have been granted asylum in the UK in the last month, you must answer 'yes' to this question.

1.11 If you have a disability

You may get extra Working Tax Credit - we call this extra amount the disability element. To get the disability element you (or your partner) **must meet all three qualifying conditions.**

Condition 1 - usually work 16 hours or more each week.

Condition 2 - have a disability putting you at a disadvantage in getting a job.

Condition 3 - get or have got a qualifying sickness or disability related benefit.

Please read the extra notes on pages 19 to 21 before you put an 'X' here.

Couples - enter details for you and your partner separately in the boxes provided.

Page 3 of your claim form

2.4 Help towards registered and approved childcare costs while you work

You can get help for a child up to:

- the Saturday following 1 September after their 15th birthday, or
- the Saturday following 1 September after their 16th birthday if
 - they are registered blind, or have been taken off the blind register in the last 28 weeks, or
 - you get Disability Living Allowance or Personal Independence Payment for them.

Before you put an 'X' in this box, please read the notes on page 4 to make sure you qualify.

2.5 If you or your partner became responsible for a child on a date other than their date of birth.

If the child has not lived with you since birth, you can only get Child Tax Credit from the date:

- they started living with you, and
- you became the person (or couple) with the main responsibility for them.

Please read the extra information on page 4.

2.6 If this child is in full-time, non-advanced education or on an approved training course

You can claim Child Tax Credit for a child until 31 August after their 16th birthday. You can also claim for a young person who is aged between 16 and under 20. They need to be in full-time non-advanced education or on an approved training course. If the young person is aged 16, 18 or 19 and you do not tell us they are continuing in full-time non-advanced education or approved training, their Child Tax Credit will stop on 1 September. If a young person is 17 you do not need to tell us.

2.4 If you get Disability Living Allowance or Personal Independence Payment for your child, please read the extra information on page 4.

2.5 If the child has come from abroad and is staying with you for educational purposes, please phone the helpline.

You are responsible for a child if they usually live with you. If you share responsibility for a child with someone who is not your partner, decide which of you has the main responsibility. That person should then claim Child Tax Credit for the child.

You are **not** responsible for a child if they:

- get tax credits, Employment and Support Allowance, Income Support or income-based Jobseeker's Allowance in their own right
- are looked after by a local authority that is paying towards the cost of their accommodation or maintenance
- have been sentenced to more than four months in custody or detention
- have ceased full-time non-advanced education or approved training and have started work for 24 hours or more a week.

2.7 If this child is registered with a careers service, Connexions, local authority support service, or similar organisation.

If this child:

- is under 18
 - has left full-time non-advanced education or approved training in the last three months, and
 - is registered with a careers service, Connexions, local authority support service, or similar organisation within the European Union
- enter the date that they left full-time non-advanced education or approved training.

If you have more than one child, enter separate details for each in the boxes provided.

2.4 Put 'X' in boxes that apply to this child

Help towards registered or approved childcare costs while you work

You can get help with your childcare costs if:

- you and your partner work 16 hours a week or more, or one of you works and the other is incapacitated, an inpatient in hospital, in prison either on remand or serving a custodial sentence or entitled to Carer's Allowance, and
- you are using childcare now or have made arrangements with a provider to start in the next seven days.

Registered or approved childcare

You can get help towards your childcare costs if the childcare provider is registered or approved. Registration and approval bodies include:

- Ofsted in England
- Care and Social Services Inspectorate in Wales
- Social Care and Social Work Improvement in Scotland
- a Health and Social Services Trust in Northern Ireland.

You may still get help with your costs if you use other childcare, such as an after school club.

If you're not sure if your childcare provider is registered or approved, or to find out if your childcare provider qualifies, please go to www.hmrc.gov.uk/leaflets/wtc5.pdf or, if you do not have access to the internet, phone our helpline.

Child disability elements

If your child has a disability you may get extra Child Tax Credit - we call this extra amount the child disability element. We may pay this if:

- you get Disability Living Allowance or Personal Independence Payment for your child, or
- your child is registered blind, or has been taken off the blind register in the last 28 weeks.

If you get the Highest Rate Care Component of Disability Living Allowance or Enhanced daily living component of Personal Independence Payment for your child, we may pay the severe disability element of tax credits.

If you have made a claim for Disability Living Allowance or Personal Independence Payment for a child but are waiting to hear if you're going to get it, leave this box blank. As soon as you know that the benefit is going to be paid to you, let us know the date it will start.

2.5 The date you became responsible for the child

Enter the date the child started to live with you. You may need to put a date later than their date of birth if:

- you are a couple but only one of you was responsible for the child before. Enter the date the child started to live with both of you
- you are fostering or adopting a child. Enter the date the child started to live with you. If the local authority (in Northern Ireland, the Health and Social Services Trust) is making payments to you for the child, please phone the helpline
- you are claiming tax credits as a single person, having been part of a couple
- the child lived with someone else but has now come to live with you.

2.6 Young people aged between 16 and 20

Full-time non-advanced education

As long as they started, accepted or enrolled on their course before age 19, full-time non-advanced education means the young person is:

- at school or college (not at university)
- doing subjects up to and including A level, NVQ level 3, Scottish Highers or advanced Highers (not an HNC or a degree), and
- in lessons for more than 12 hours a week in term-time, or
- on a traineeship (in England only).

The course of education must not be provided by an employer or any office they hold.

Approved training courses

In England - Foundation Learning Programmes or Access to Apprenticeships.

In Scotland - Get Ready for Work or Skillseekers.

In Wales - Traineeships, Foundation Apprenticeships, Skillbuild or Skillbuild+.

In Northern Ireland - Jobskills or Training for Success: Professional and Technical Training, including Programme Led Apprenticeships (Apprenticeships NI) or Pathways to Success - Pathways for Young People.

The approved training must not be provided under a contract of employment.

A young person still counts as being in full-time non-advanced education or approved training if they are getting ready for exams, are off sick but will come back when they're better, or have just finished a course and are registered to start another course next term. If you are not sure if your child is in full-time non-advanced education or approved training, phone the helpline.

3.1 If your child is looked after by a relative

You will not usually get help with the cost of childcare if your child is looked after by a:

- parent or step-parent
- grandparent
- aunt or uncle
- brother or sister.

But, if your child is cared for by a relative and that relative is a registered or approved childminder go to www.hmrc.gov.uk/leaflets/wtc5.pdf for more information.

3.7 Enter the average weekly amount you pay this childcare provider

Do not include any amount:

- paid by your employer, in money or in vouchers towards your childcare costs
- you get in childcare vouchers through salary sacrifice
- paid by a local authority or local education authority towards the cost of childcare for three or four year olds
- paid by a government scheme, for example, a student childcare grant or the Upfront Childcare Fund to help you start work.

If you pay childcare weekly and you pay the same amount each week, enter that amount.

If you pay childcare weekly but pay different amounts you should add up all the weekly amounts you have paid in the last 52 weeks and divide the total by 52.

Always round your average costs up to the nearest pound.

Example - you pay childcare weekly and pay different amounts each week

Ahmed usually pays £60 a week for registered childcare during term-time. In the school holidays he pays for 10 weeks at £100 a week.

His total costs for 52 weeks are $(£100 \times 10 \text{ weeks}) + (£60 \times 39 \text{ weeks}) = £3,340$.

So his average weekly costs are $£3,340 \text{ divided by } 52 = £64.23$
(round up to £65.)

Note: Only include costs for weeks that you actually pay for.

If you need help working out your average weekly childcare costs

You should go to www.gov.uk/childcare-costs-for-tax-credits or, if you do not have access to the internet, phone our helpline.

If you need to use childcare for just a short period

If you only use childcare for a short, fixed period, for example during the school holidays, you may be able to claim and get help with your childcare costs for that period. By 'fixed' we mean that you know when the period of childcare will begin and end. To claim help with your childcare costs for a short, fixed period, phone the helpline as soon as the childcare starts, or not more than seven days before. You will need to tell us the:

- start and end dates of the childcare
- actual cost of the childcare
- childcare provider's details.

If you or your partner are incapacitated, an inpatient in hospital, in prison either on remand or serving a custodial sentence or entitled to Carer's Allowance

By incapacitated we mean that you currently get one of the following benefits:

- Disability Living Allowance or Personal Independence Payment
- Attendance Allowance
- Severe Disablement Allowance
- Incapacity Benefit at the short term higher rate or long term rate
- contribution-based Employment and Support Allowance (ESA) for 28 weeks or more, or Statutory Sick Pay followed by contribution-based ESA for 28 weeks or more
- National Insurance credits awarded on the grounds of limited capability for work, following expiry of 12 months entitlement to contribution-based ESA
- Industrial Injuries Benefit with Constant Attendance Allowance
- War Disablement Allowance with Constant Attendance Allowance or Mobility Supplement
- Council Tax Benefit, Council Tax Reduction Scheme or Housing Benefit with a Disability Premium or Higher Pensioner Premium
- a vehicle under the Invalid Vehicle Scheme.

Page 5 of your claim form

4.1 Do you currently do paid work?

Answer 'Yes' here if you or your partner are:

- doing work that you get paid for, including work as a self-employed person, or
- starting paid work in the next seven days.

Also answer 'Yes' if you or your partner are on leave, including:

- sick leave of 28 weeks or less
- maternity or adoption leave of 39 weeks or less
- ordinary paternity leave of two weeks or less
- additional paternity leave taken during the mothers maternity pay period.

4.2 Do you usually work in the United Kingdom?

This question is about the country you work in most of the time. It doesn't matter if you sometimes go to other countries for work.

The UK is England, Wales, Scotland and Northern Ireland. It doesn't include the Isle of Man or the Channel Islands.

4.3 How many hours a week do you usually work?

Please read the notes on pages 8 and 9 before you answer this question. It doesn't matter if you're off work at the moment - it's your usual hours we need.

What hours you need to work

If you're not responsible for children:

- If you're aged 25 or over – you need to work at least 30 hours a week.
- If you're aged 16 or over
 - you need to work at least 16 hours a week, **and**
 - qualify for the disability element of Working Tax Credit.
- If you're aged 60 or over – you need to work at least 16 hours a week.

If you're responsible for children:

- If you're aged 16 or over – you need to work at least 16 hours a week.
- If you're aged 60 or over – you need to work at least 16 hours a week.
- If you're part of a couple – you need to work 24 hours a week between you with at least one of you working 16 hours a week unless the other person is:
 - incapacitated
 - an inpatient in hospital
 - in prison either on remand or serving a custodial sentence, or
 - entitled to Carer's Allowancesee Notes page6.

4.3 How many hours a week you usually work

If you're an employee (you work for someone else)

Enter the number of hours you work in a normal week. Include overtime you do most weeks. If you have more than one job, add all the hours together.

If you're self-employed (you work for yourself)

Enter the number of hours a week you normally spend working in your business, either on work billed to a client or its related activity.

If you work different hours at different times of the year

Enter the number of hours a week you are working at the moment. Tell us if your hours change or you stop working completely.

If you only work in school terms

Enter the number of hours a week you usually work in school terms.

Use the examples on page 9 to help you.

If you're a foster carer

The hours you work as a foster carer may count for tax credits if you receive payment from your local authority. If foster caring is your main source of income or your main job you may be able to get Working Tax Credit. Please phone us for more information or to find out if you can make a claim.

If you're on sick leave

Enter the number of hours you usually worked before you went on sick leave.

You can claim Working Tax Credit while you are on sick leave if:

- you've made a single claim and your usual hours are 16 hours or more a week, and
 - you're responsible for a child, or
 - you're aged 60 or over, or
- you've made a claim as a couple and
 - you or your partner are responsible for a child and
 - your combined working hours are 24 hours or more a week with at least one of you working 16 hours a week, or
- in all other cases, your usual working hours are 30 hours or more a week and you get one of the following benefits:
 - Statutory Sick Pay
 - Short Term Incapacity Benefit at the lower rate
 - Income Support paid on the grounds of incapacity for work
 - Employment and Support Allowance
 - National Insurance credits on the grounds of incapacity for work or limited capability for work.

If you're on paid ordinary or additional maternity, paternity or adoption leave

(or would have been on paid additional paternity leave if the qualifying conditions had been met)

Enter the number of hours you usually worked before your leave started. If you are self-employed you should enter the number of hours you usually worked before leave started if you would have qualified for paid ordinary or additional maternity, paternity or adoption leave had you been an employee.

If you're suspended from work

Enter the number of hours you usually worked before you were suspended.

If you're on strike

If you've been on strike for less than 11 days, enter the number of hours you usually worked before you went on strike.

You can only get Working Tax Credit for the first 10 days of your strike. If your strike goes on longer than 10 days, please tell us straightaway. You can't claim Working Tax Credit until you've gone back to work.

If you've left your job but are still getting paid

If you've left your job but are still getting paid because you weren't given enough notice, you don't count as being in work. So your usual hours are zero.

Phone us if you've recently finished work but are going to start a new job soon.

Example 1 - taking time off

Jim usually works 28 hours a week. This week he took two days off unpaid and only worked 17 hours. But he expects to work 28 hours next week, and each week for the foreseeable future. So his usual hours are 28 hours a week.

Example 2 - regular overtime

Bill is contracted to work 25 hours a week. This week he has also done 10 hours of overtime. Last week Bill did no overtime at all, but most weeks he does 5 hours of overtime.

His usual hours are therefore 30 hours a week, made up of the 25 hours a week he is contracted to work and the 5 hours overtime he usually does each week. The fact that in the last couple of weeks he has not worked exactly 30 hours does not matter.

Example 3 - different hours every other week

Sue works 14 hours one week and 18 hours the next. This hardly ever changes.

To work out her usual weekly hours Sue should look at the average number of hours she works over her regular two-week cycle.

Her usual hours are 16 hours a week. This is worked out as follows:

Add together the hours worked $14 + 18 = 32$.

Divide 32 by 2 (the number of weeks) = 16.

Example 4 - going back to work after being unemployed

Vijaya has not worked at all for the last 10 years. She started a new job last week, working 20 hours a week. Her usual hours are therefore 20 hours a week.

The fact that she only started last week does not change the fact that she now usually works 20 hours a week.

Example 5 - working for part of the year only

Julie usually does 35 hours work a week for three months each summer. She can claim Working Tax Credit during this three-month period but when she finishes this seasonal work, her Working Tax Credit will stop, unless she gets another job within a week of finishing.

If she does get another job and her usual hours are less than 30 hours a week, she must tell us about the change within one month. If she does not get another job she must tell us within one month that she has stopped working.

She cannot get Working Tax Credit until the next period in which her usual hours of work are high enough for her to qualify again.

Example 6 - working term time only

Mary works as a school dinner lady for 18 hours a week during term time. Her usual working hours are therefore 18 hours a week. It does not matter that she does not work at all in the school holidays, because these holidays are part of her regular annual working cycle and do not count in the calculation of usual working hours.

4.7 Your employer's PAYE reference

Your employer's PAYE reference is on your payslips or P60 certificate from your employer or your PAYE Coding Notice from us. If you can't find this number, ask at work. If you've got a new job, make sure you enter your new employer's number.

5.5 Income from self-employment for the year 6 April 2013 to 5 April 2014

If you haven't filled in your tax return for 2013-2014

You need to estimate your profits and answer 'Yes' to question 5.7. When you know the actual amount of your profits, please tell us.

If you have filled in your tax return for 2013-2014

Enter your total profit for the year in box 5.5. Copy this amount from one of the following:

- Short tax return, box 3.10
- Self-employment (short) pages, box 27
- Self-employment (full) pages, box 72, or
- Partnership (short or full) pages, box 14.

Round your profit down to the nearest pound before entering it in box 5.5.

For example, if your total profit was £8,345.64, enter £8345.

If you have more than one business

Add together:

- the adjusted profit from each of your Self-employment pages
- your share of the adjusted partnership profit from each of your Partnership (short or full) pages.

If your business had other income or profits

Include these in your box 5.5 amount - for example, rental income. Include any amounts from:

- Self-employment (short) pages, box 29
- Self-employment (full) pages, box 74
- Partnership (short) pages, box 17 or 26
- Partnership (full) pages, box 17, 66, 69, 72 or 73.

If you use averaging because you're a farmer, market gardener or creator of literary or artistic works

You can't use averaging in your tax credits claim. So you need to adjust your total profits figure to take out the averaging. This is how you do that.

You'll have entered a figure in:

- Self-employment (full) pages, box 71, or
- Partnership (short or full) pages, box 10.

If the figure in either of these boxes increases your profit, take this amount away from your total profits.

If the figure in either of these boxes reduces your profit, add this amount to your total profits.

If you traded outside of the UK in 2013-2014

You should enter your profit in British pounds, **not** the foreign currency.

If you need any help with this, go to www.hmrc.gov.uk/exrate

Taxable income from foster caring

You should include taxable income from foster caring as self-employed income.

Your foster caring income for tax credits purposes is the same as your taxable profit from fostering.

Tax credits appointee

You are an appointee if you have been appointed to act by one or more of the following:

- a court of law
- the Department for Work and Pensions
- the Department for Social Development
- us, when you have made a previous claim for the person(s) claiming.

Please tell us the date you were appointed and who appointed you.

If you are acting as appointee for the first time, please explain why the person who is claiming cannot complete and sign the form. We will then consider whether to appoint you. Before we decide, we may need to contact you for more information.

You are not an appointee if you are simply helping someone to complete the form and they understand what you are doing. For example, you might help someone to fill in the form because you:

- work in a welfare rights organisation such as Citizens Advice
- are helping them as a friend, or
- are translating the questions into another language for them because they speak and understand very little English.

If the person claiming understands the Declaration and is able to sign it then they should do so.
