Proposed changes to CTF Regulations

Part of this bulletin is a draft Regulation that the Government proposes to make in October 2010. If made the Regulation would:

- Allow providers not to issue annual statements in respect of accounts that have not received any subscriptions in the preceding year.
- Allow providers not to issue annual statements in respect of accounts valued at less than £300 at the statement date.
- Allow providers to choose not to accept any new vouchers in the future, while keeping their existing book of CTF accounts. Providers taking this option would have to stop taking all vouchers – both for £250 and £50.

These changes are being proposed following feedback from providers and representative bodies after the announcement in May 2010 that government contributions to Child Trust Funds would reduce and then stop. While they allow providers to make the changes set out above, this would be optional – they do not require providers to do anything different.

Please let us have any comments on the proposed regulation by 24 September.
