Getting your tax credits claim form right

Use these Notes to help you
You must claim as a couple if you are:
• married
• a man and woman living together as if you are married
• part of a civil partnership
• a couple living together as if in a civil partnership.
You are a couple even if you are living apart temporarily. For example, one of you is working away from home or you are on a trial separation.
If you are permanently separated from your partner you should make an individual claim.
For example, you are in the process of getting divorced.

If you are not sure what to put leave the box blank for now.
Make a note of the box number and carry on with the next box. When you have done as much as you can, phone us for help with the boxes you left blank.

We have a range of services for people with disabilities, including guidance in Braille, audio and large print. Most of our forms are also available in large print. Please contact any of our phone Helplines if you need these services.

Backdating your claim
This usually happens automatically. We can normally only backdate your tax credits for up to three months from the date we get your claim. So, to avoid losing money make sure you claim straight away.
You will need to ask for backdating if:
• you’re only claiming Working Tax Credit (you’re not claiming for any children), or
• you’ve been getting Income Support, income-based Jobseeker’s Allowance, income-related Employment and Support Allowance, or Pension Credit.
To ask for backdating, please attach a separate sheet of paper to your claim form telling us:
• your name, address and National Insurance number
• the date your job ended, or
• the date of Income Support, income-based Jobseeker’s Allowance, income-related Employment and Support Allowance or Pension Credit.
If you are disabled, working and more than three months ago were awarded:
• a qualifying sickness benefit, or
• a qualifying disability benefit
you may be entitled to backdating your claim further than three months.
If you think this applies to you, please tell us in your letter, the date the benefit was awarded from. See pages 22-24 for a list of qualifying sickness and disability benefits.

If you've made a claim for one of these benefits, but are waiting to hear if you're going to get it, leave this box blank. Once you know that the benefit is going to be paid to you, let us know the date it will start straight away.

If you get one of these benefits on behalf of a child, leave this box blank. You will be asked about this in Part 2.

1.8 Subject to immigration control
You are subject to immigration control if:
- the Home Office says you can stay in the UK (known as 'leave to enter or remain') but only if you don’t claim some benefits, tax credits or housing help paid by the UK government (known as 'recourse to public funds'), or
- you need permission to stay in the UK (known as 'leave to enter or remain') but you don’t have it.

If you are subject to immigration control, or you’re not sure if you are, you might still be able to get tax credits. Please phone our Helpline to ask us.

1.9 Do you usually live in the United Kingdom
This question is about the country you live in most of the time. The United Kingdom is England, Wales, Scotland and Northern Ireland. It does not include the Isle of Man or the Channel Islands.

It doesn’t usually matter if from time to time you go to other countries on holiday or for work.

If you do not usually live in the UK, you may still qualify for tax credits. Please phone our Helpline, or if you are living overseas, please phone 00 44 2890 538192.

Couples – enter details for you and your partner separately in the boxes provided.
If you have a disability
If you have a disability you may get extra Working Tax Credit – we call this extra amount the disability element. To get the disability element you or your partner must meet all three qualifying conditions.

**Condition 1** – usually work 16 hours or more each week.

**Condition 2** – have a disability putting you at a disadvantage in getting a job.

**Condition 3** – receive or have recently received a qualifying sickness or disability related benefit.

Pages 22 to 24 give full details of all these conditions.

Note: if you or your partner have made a claim for a qualifying sickness or disability benefit but are waiting to hear if it is due, leave box 1.11 blank. Once you know that the benefit is going to be paid to you, let us know the date it will start straight away.

If you (or your partner) receive the Highest Rate Care Component of Disability Living Allowance or Higher Rate of Attendance Allowance, and you qualify for Working Tax Credit, you can get the severe disability element of tax credits.

**2.3 Date of birth**

Make sure you give your child’s date of birth. For example, if it was 6 September 2001, write the date like this: 06 09 2001.

**2.4 Help towards registered and approved childcare costs while you work**

You can claim help with childcare costs if you work 16 hours a week or more.

- The Saturday following 1 September after their 15th birthday, or
- The Saturday following 1 September after their 16th birthday
  - the child is registered blind, or has been taken off the blind register in the last 28 weeks, or
  - you receive Disability Living Allowance for that child.

Before you put an ‘X’ in this box, please read the notes on page 5 carefully to make sure you qualify for this help.

If you have more than one child, enter separate details for each in the boxes provided.

You are responsible for a child if they usually live with you. If you share responsibility for a child with someone who is not your partner, decide which of you has the main responsibility. That person should then claim Child Tax Credit for the child.

You are not responsible for a child if:
- the child claims tax credits in their own right
- they get Employment and Support Allowance, Incapacity Benefit, Income Support or Jobseeker’s Allowance in their own right
- they are looked after by a local authority
- they have been sentenced to more than four months in custody or detention.

**2.5 If you or your partner became responsible for your child on a date other than their date of birth.**

If the child has not lived with you since birth, you can only get Child Tax Credit:
- from the date the child started living with you, and
- from the date you became the person (or couple) with the main responsibility for that child.

If you share the care of the child with another person, please read the notes on page 5.

**2.7 If this child is registered with a careers service, Connexions, Ministry of Defence, or equivalent.**

If this child registered with a careers service, Connexions, Ministry of Defence, or equivalent within the last 20 weeks, please enter the date that the child left full-time education.

You can claim Child Tax Credit for a child until 31 August after their 16th birthday. You can also claim for a child who is aged between 16 and under 20. They need to be in full-time non-advanced education or on an approved training course. There is more information on page 5.

2.4 If you receive Disability Living Allowance for your child

Please read the extra information on page 5.
Put ‘X’ in boxes that apply to this child

Help towards registered or approved childcare costs while you work
You can get help with your childcare costs if:
• you and your partner work 16 hours a week or more, or one of you works and the other has a disability, and
• you are using childcare now or have made arrangements with a provider to start in the next seven days.

Registered or approved childcare
You can get help towards your childcare costs if the childcare provider is registered or approved. Registration and approval bodies include:
• Ofsted in England
• Care and Social Services for Wales
• Scottish Commission for the Regulation of Care in Scotland
• a Health and Social Services Trust in Northern Ireland.

You may still get help with your costs if you use another type of childcare, such as an after school club.

If you’re not sure if your childcare provider is registered or approved, or to find out if your childcare provider qualifies, please go to www.hmrc.gov.uk/leaflets/wtc5.pdf or phone our Helpline.

Child disability elements
If your child has a disability you may get extra Child Tax Credit - we call this extra amount the child disability element. We may pay this if:
• Disability Living Allowance is paid for your child, or
• the child is registered blind, or has been taken off the blind register in the last 28 weeks.

If the Highest Care Component of Disability Living Allowance is paid for your child, we may pay the severe disability element of tax credits.

Note: if you have made a claim for Disability Living Allowance for a child but are waiting to hear if you’re going to get it, leave this box blank. Once you know that the benefit is going to be paid to you, let us know the date it will start straight away.

The date you became responsible for the child
Enter the date the child started to live with you. You may need to put a later date in box 2.5 if any of the following apply:
• You are a couple but only one of you was responsible for the child before. Enter the date the child started to live with both of you.
• You are fostering or adopting a child. Enter the date the child started to live with you. If the local authority (in Northern Ireland, the Health and Social Services Trust) is making payments to you for the child, please phone our Helpline.
• You are claiming tax credits as a single person, having been part of a couple.
• The child lived with someone else but has now come to live with you. Enter the date the child started living with you.

Children aged between 16 and 20

Full-time education
As long as they started, accepted or enrolled for, their current course before age 19, full-time education means the child is:
• at school or college (not at university)
• doing subjects up to and including A level, NVQ level 3, Scottish Highers or advanced Highers (not an HNC or a degree)
• in lessons for more than 12 hours a week in term-time.

A child still counts as being in full-time education if they:
• are getting ready for exams
• are off sick but will come back when they’re better
• have just finished a course and are registered to start another course next term.

If you’re not sure if the child is in full-time education, please phone our Helpline.

Approved training courses
In England – Entry to Employment or Programme Led Apprenticeships.
In Scotland – Get Ready for Work or Skillseekers.
In Wales – Foundation Modern Apprenticeships, Skillbuild or Skillbuild+.
In Northern Ireland – Jobskills or Training for Success: Professional and Technical Training, or Programme Led Apprenticeships (Apprenticeships NI).

The course cannot be part of a job. If you’re not sure if a training course is approved, please phone our Helpline.
Page 4 of your claim form

2.8 Child Benefit reference number
Remember to put your Child Benefit reference number in box 2.8.

You can get up to 80% of the childcare costs you pay. There is a limit which means the most you can get is £140 a week for one child or £240 a week for two or more children. Read the notes on pages 4, 5 and 7 to make sure you qualify.

3.1 Name of childcare provider
Please read the notes on page 5 before you enter the full name of the carer or the childcare provider. If a relative provides your childcare you may not qualify, please read the extra notes on page 7.

3.2 Childcare provider’s address
Ask your childcare provider if you don’t know their full address.

3.4 Childcare provider’s registration or approval body
Ask your childcare provider which authority has approved or registered them. Registration and approval bodies include:
• Ofsted in England
• Care and Social Services for Wales
• Scottish Commission for the Regulation of Care in Scotland
• a Health and Social Services Trust in Northern Ireland.

3.5 Childcare provider’s registration or approval number
For you to get help with childcare costs, your childcare provider must be registered or approved. You should ask to see their letter or certificate to make sure their registration or approval is up to date. Ask your childcare provider for their registration or approval number.

3.6 Enter the average weekly amount you pay this childcare provider
You can get up to 80% of the childcare costs you pay. There is a limit which means the most you can get is £140 a week for one child or £240 a week for two or more children. Read the notes on pages 4, 5 and 7 to make sure you qualify.

Use the examples on page 7 to work out the average weekly amount. If you pay the same amount every week, enter the amount you pay. If you need any help, please phone our Helpline.

3.7 Enter the average weekly amount you pay this childcare provider

3.8 If you or your partner are incapacitated, in hospital or in prison
Please read the notes on page 7 before you answer this question.

Couples – enter details for you and your partner separately in the boxes provided.
If you pay childcare costs weekly
and pay different amounts at
different times (for example, you pay
more during school holidays than
term-time)

Example 1
Ahmed usually pays £60 a week for
registered childcare. However, in the
school holidays (10 weeks in total)
he pays £100 a week.
His total costs for 52 weeks are
(£100 x 10) + (£60 x 42) = £3,520.
His average weekly costs are
therefore £3,520 ÷ 52 = £68.

Example 2
Carmen pays for registered childcare
monthly but the amount she pays
varies from month to month.
In April she paid nothing and her
other monthly payments in the last
12 months were:
£200 a month for February, October and December
£400 a month for July and August
£150 a month for the other six months
Carmen’s average weekly costs are
therefore £2,300 ÷ 52 = £45.

If you need to use childcare for just a
short period
If you only use childcare for a short
fixed period, for example during the
school holidays, you may be able to
claim and get help with your childcare
costs for that period. By ‘fixed’ we
mean that you know when the period
of childcare will begin and end.
To claim help with your childcare costs
for a short fixed period, phone our
Helpline as soon as the childcare
starts, or not more than seven days
before.
You will need to tell us the:
• start and end dates of the childcare
• actual cost of the childcare
• childcare provider’s details.

If you have arranged registered or
approved childcare, which you will
start to use in the next seven days
You should calculate your average
weekly childcare cost by asking your
provider how much they will charge
you. If you need help, phone our
Helpline.

If you pay childcare costs monthly

If you or your partner are
incapacitated, in hospital or in prison
You can claim if only one of you
works 16 hours a week or more and
the other is currently receiving one
of the following benefits:
• Disability Living Allowance
• Attendance Allowance
• Severe Disablement Allowance
• Incapacity Benefit at the short term
higher rate or long term rate
• contribution-based Employment
and Support Allowance (ESA) for 28 weeks or more, or
Statutory Sick Pay (SSP) followed
by contribution-based ESA for
28 weeks or more (see Note 2
on page 24)
• Industrial Injuries Benefit with
Constant Attendance Allowance
• War Disablement Allowance with
Constant Attendance Allowance
or Mobility Supplement
• Council Tax Benefit or Housing
Benefit with a Disability Premium
or Higher Pensioner Premium
• a vehicle under the Invalid Vehicle
Scheme.
You may also claim if one of you works
16 hours a week or more and the
other is:
• an inpatient in hospital, or
• on remand, awaiting trial or
sentencing, or
• serving a custodial sentence.
4.1 Do you currently do paid work?  
Answer 'Yes' here if you or your partner are:  
• doing work that you get paid for, including work as a self-employed person  
• starting paid work in the next seven days.  
Also answer 'Yes' if you or your partner are on leave, including:  
• sick leave of 28 weeks or less  
• maternity or adoption leave of 39 weeks or less  
• paternity leave of two weeks or less.  

4.2 Do you usually work in the United Kingdom?  
This question is about the country you work in most of the time. It doesn’t matter if you sometimes go to other countries for work.  
The United Kingdom is England, Wales, Scotland and Northern Ireland. It does not include the Isle of Man or the Channel Islands.  

4.3 How many hours a week do you usually work?  
Please read the notes on page 9 before you answer this question. It doesn’t matter if you’re off work at the moment – it’s your usual hours we need.  

4.5 50-plus element  
Other benefits include:  
• Severe Disablement Allowance  
• Pension Credit  
• National Insurance credits  
• a training allowance for government-run training like Work-Based Learning for Adults, or Training for Work.
How many hours a week you usually work

If you’re an employee (you work for someone else)
Enter the number of hours you work in a normal week. Include any overtime you do every week. If you have more than one job, add all the hours together.

If you’re self-employed (you work for yourself)
Enter the number of hours you work in your business in a normal week.

If you work different hours at different times of the year
Enter the number of hours a week you are working at the moment. Let us know if your hours change or if you start working or stop working completely.

If you only work in school terms
Enter the number of hours a week you usually work in school terms.

Use the examples on page 10 to help you.

If you’re on sick leave
Enter the number of hours you usually worked before you went on sick leave. You can claim Working Tax Credit while you are on sick leave if your usual hours are 16 hours or more a week (if you are responsible for a child, have a disability or are entitled to the 50-plus element), or 30 hours or more a week (in all other cases), and you are receiving one of the following benefits:
- Statutory Sick Pay
- Short Term Incapacity Benefit at the lower rate
- Income Support paid on the grounds of incapacity for work
- Employment and Support Allowance
- National Insurance credits on the grounds of incapacity for work or limited capability for work.

If you’re on paid maternity, paternity or adoption leave
Enter the number of hours you usually worked before your paid maternity, paternity or adoption leave started.

If you’re on strike
If you’ve been on strike for less than eleven days, enter the number of hours you usually worked before you went on strike.
You can only get Working Tax Credit for the first ten days of your strike. If your strike goes on longer than ten days, please tell us straight away. You can’t make a new claim for Working Tax Credit until you’ve gone back to work.

If you’ve left your job but are still getting paid
If you’ve left your job but are still getting paid because you weren’t given enough notice, you don’t count as being in work. So your usual hours are zero.
Phone our Helpline if you’ve recently finished work but intend to start a new job soon.

Example 1 – taking time off
Jim usually works 28 hours a week. This week he took two days off unpaid and only worked 17 hours. But he expects to work 28 hours next week, and each week for the foreseeable future. So his usual hours are 28 hours a week.

Example 2 – regular overtime
Bill is contracted to work 25 hours a week. This week he has also done 10 hours of overtime. Last week Bill did no overtime at all, but most weeks he does five hours of overtime.
His usual hours are therefore 30 hours a week, made up of the 25 hours a week he is contracted to work and the five hours overtime he usually does each week. The fact that in the last couple of weeks he has not worked exactly 30 hours does not matter.

Example 3 – different hours every other week
Sue works 14 hours one week and 18 hours the next. This hardly ever changes.
To work out her usual weekly hours Sue should look at the average number of hours she works over her regular two-week cycle.
Her usual hours are 16 hours a week. This is worked out as follows.
Add together the hours worked 14 + 18 = 32.
Divide 32 by 2 (the number of weeks) = 16.

Example 4 – going back to work after being unemployed
Vijaya has not worked at all for the last 10 years. She started a new job last week, working 20 hours a week. Her usual hours are therefore 20 hours a week. The fact that she only started last week does not alter the fact that she now usually works 20 hours a week.

Example 5 – working for part of the year only
Julie usually does 35 hours work a week for three months each summer. She can claim Working Tax Credit during this three-month period but when she finishes this seasonal work, her Working Tax Credit will stop, unless she gets another job within a week of finishing.
If she does get another job and her usual hours are less than 30 hours a week, she must tell us about the change within one month. If she does not get another job she must tell us within one month that she has stopped working.
She cannot get Working Tax Credit until the next period in which her usual hours of work are high enough for her to qualify again.

Example 6 – working term time only
Mary works as a school dinner lady for 18 hours a week during term time. Her usual working hours are therefore 18 hours a week. It does not matter that she does not work at all in the school holidays, because these holidays are part of her regular annual working cycle and do not count in the calculation of usual working hours.

5.7 Estimated income

When you (or your partner if you have one) fill in this form you may not have all the information you need to give us about your income. If any of the amounts shown at 5.2 to 5.6 include estimates, we need to know.

Couples – enter details for you and your partner separately in the boxes provided.
Copy the information from your P9D or P11D form that you get from your employer. If you’ve had more than one employer, add the figures together.

Goods and assets your employer gave you (for example, gifts of food, fuel, cigarettes or clothes) - shown on P11D section A or P9D section A(2) in the third or fourth boxes.

Payments made by your employer on your behalf (for example, payment of rent or utility bills) - shown on P11D section B in the first box numbered 15, or P9D section A(2) in the first, second and fifth boxes.

Cash or non-cash vouchers and credit tokens (for example, a company credit card) - shown on P11D section C, or P9D section B (add together all the boxes). Don’t include the cash equivalent of childcare vouchers if they are used to pay for registered or approved childcare.

Mileage allowance. Include payments for using your own car - enter the taxable amount shown on P11D section E. Also include running costs your employer has paid for - shown on P11D section E or included in section N. If your mileage costs are not paid by your employer, or they only pay a little of it, please phone our Helpline.

Company car - shown on P11D in box 9 of section F.
Car fuel benefit - shown on P11D in box 10 of section F.

Expenses payments made to you or on your behalf - shown on P11D sections J, M or N or P9D section A(1). You might be able to reduce this amount by claiming a deduction of expenses allowed for certain Income Tax purposes. Please phone our Helpline.

**Total.** Enter this amount in box 5.4. *Don’t include* the pence.
5.5 Income from self-employment for the year 6 April 2009 to 5 April 2010

If you haven't filled in your Tax Return for 2009-2010
You need to estimate your profits and answer 'Yes' to question 5.7. When you know the actual amount of your profits, please tell us.

If you've filled in your Tax Return for 2009-2010
Enter your total profit for the year in box 5.5. Copy this amount from one of the following:
- Short Tax Return, box 3.10
- Self-employment (short) pages, box 27
- Self-employment (full) pages, box 72, or
- Partnership (short or full) pages, box 14.

Round your profit down to the nearest pound before entering it in box 5.5. For example, if your total profit was £8,345.64, enter £8345.

If you have more than one business
Add together:
- the adjusted profit from each of your Self-employment pages
- your share of the adjusted partnership profit from each of your Partnership (short or full) pages.

If your business had other income or profits
Include these in your box 5.5 amount - for example, rental income. Include any amounts from:
- Self-employment (short) pages, box 29
- Self-employment (full) pages, box 74
- Partnership (short) pages, box 17 or 26
- Partnership (full) pages, box 17, 66, 69, 72 or 73.

If you use averaging because you're a farmer, market gardener or creator of literary or artistic works
You can't use averaging in your tax credits claim. So you need to adjust your total profits figure to take out the averaging. This is how you do that.

You'll have entered a figure in:
- Self-employment (full) pages, box 71, or
- Partnership (short or full) pages, box 10.

If the figure in either of these boxes increases your profit, take this amount away from your total profits.
If the figure in either of these boxes reduces your profit, add this amount to your total profits.

If you traded outside of the UK in 2009-2010
You should enter your profit in British pounds, not the foreign currency. Phone our Helpline if you need any help with this.

If you made Gift Aid payments, pension contributions or had trading losses
Please go to www.hmrc.gov.uk/forms/tc825.pdf or phone our Helpline and ask for TC825 if, in 2009-2010:
- you made any Gift Aid payments
- you made contributions to an HMRC-registered pension scheme
- you had trading losses.
Working Sheet – Other income for the year 6 April 2009 to 5 April 2010

Please phone our Helpline if you are not sure what income to enter here.

Income from savings and investments, including dividends. Enter the gross amount (before tax is taken off). Don’t include tax-exempt investments like ISAs. Include the full amount of any ‘chargeable event gain’ from a life insurance policy.

State pensions (including Widow’s Pension, Widowed Mother’s Allowance, Widowed Parent’s Allowance and Industrial Death Benefit). Don’t include the Christmas bonus and winter fuel payment.

Other UK pensions you are getting (not war pensions). If your pension includes an extra amount for work-related illness or injury, please phone our Helpline.

Property income. Don’t include income from the ‘rent a room’ scheme. Don’t include anything you have already included in box 5.5. If your rental property made a loss, phone our Helpline and ask for working sheet TC825 to help you.

Income from trusts, settlements and estates. Details are on certificate R185, which the trustees or administrators should have given you. Enter the gross amount - add together the 'net' amounts and 'tax paid' or 'tax credit' amounts.

Foreign income, for example, income from investments and property overseas. Include the full amount in British pounds whether or not it was remitted to the UK. Enter the gross amount in British pounds. If you get a foreign pension include 90% of it here. Deduct any bank charge or commission you paid when converting foreign currency.

Notional income. This includes things like stock dividends, or income that you could have received but chose not to. Please phone our Helpline if you need more information about this.

Total

Add together totals for you and your partner

Take off £300. If this makes a minus figure, just enter 0.

If you or your partner got Adult Dependant’s Grant for being a student or miscellaneous taxable income not included above, enter it here. Please phone our Helpline if you need more information about this.

Total other income. Enter this amount in box 5.6. Don’t include the pence.

Please don’t send us this Working Sheet
Page 9 of your claim form

6.1 Choose how often you want us to pay you Child Tax Credit
If you are on Income Support or income-based Jobseeker’s Allowance, Child Tax Credit replaces part of those benefits. You will need to decide if you still want your payments weekly.

6.2 Couples only – which of you is the main carer?
If you are claiming as a couple, decide who is the main carer. If only one of you is working, the person at home with the children will usually be the main carer.

If you are a couple who qualify for help with childcare costs, the childcare element of Working Tax Credit will always be paid to the person receiving Child Tax Credit.
We pay tax credits into a bank or building society account.

6.5 Name(s) of account holder(s)
Enter the name of the account exactly as it is shown on your statements, passbook or cheque book. If it is a joint account, make sure you enter both names.

If you want to use an account that is not in your name, for example, your partner or another person, you may do so. It is up to you to make sure you get the money from that person.

6.6 Account number
Your account number is usually eight digits and is shown on your statements or cheque book. Please include any zeros – for example, 00123456.

If your account number is longer than eight digits it may be because your account is with a building society or bank that used to be a building society.

6.7 Branch sort code
Make sure you enter the sort code shown on your card or statements from your bank or building society.

If you do not have an account, you will need to open one. If you are unable to open or use any type of account, please phone our Helpline.

6.8 Roll or reference number
If your account is with a building society, or a bank that was a building society, you may have an additional reference number. This number may be called:
• a roll number
• an account reference, or
• an account number.

If you are not sure which numbers to enter check with your bank or building society.

Couples – you only need to fill in both sides of this section if you want your Child Tax Credit and Working Tax Credit paid into separate accounts.

If you do not have an account, you will need to open one. If you are unable to open or use any type of account, please phone our Helpline.

Couples – enter details for you and your partner separately in the boxes provided.

Please fill in your account details carefully. If they are wrong your payments will be delayed.
Page 11 of your claim form

Please make sure you sign and date the Declaration. If you forget it may take longer to pay you. If you are claiming as a couple, both of you need to sign and date the claim.

You are an Appointee if you have been appointed to act by one or more of the following:
- a court of law
- the Department for Work and Pensions
- the Department for Social Development
- us, when you have made a previous claim for the person(s) claiming.

Please tell us the date you were appointed and who appointed you.

If you are acting as Appointee for the first time, please explain why the person who is claiming cannot complete and sign the form. We will then consider whether to appoint you. Before we make our decision, we may need to contact you for more information.

You are not an Appointee if you are simply helping someone to complete the form and they understand what you are doing. For example, you might help someone to fill in the form because:
- you work in a welfare rights organisation such as Citizens Advice, or
- you are helping them as a friend, or
- you are translating the questions into another language for them because they speak and understand very little English.

If the person claiming understands the Declaration and is able to sign it then they should do so.
Your ethnic group

We want to make sure tax credits are being claimed by all communities. The only way we can check this is by asking you about your ethnic group. Please make one entry to tell us the ethnic group that you consider you belong to. You do not have to complete this part of the form. If you do not wish to disclose your ethnic group, please put 'X' in the box provided. Thank you for your help.

To make sure the tax credits system is working for everyone it would help if you tell us your ethnic group. You don’t have to tell us if you don’t want to.

If you don’t want to tell us your ethnic group, please put ‘X’ here.

Do you qualify for the disability element of Working Tax Credit?
If you meet all of the following three conditions you may qualify for more Working Tax Credit.

**Condition 1**
You usually work for 16 hours or more a week.

**Condition 2**
You have a disability that puts you at a disadvantage in getting a job.
At least one of the following descriptions must apply to you.
We may ask for the name of someone involved in your care, like an occupational therapist, community nurse, district nurse or doctor, who can confirm how your disability affects you.

**Physical disability**
- When standing you cannot keep your balance unless you continually hold on to something.
- You cannot walk a continuous distance of 100 metres along level ground without stopping or without suffering severe pain – even when you use your usual walking aid, such as crutches, walking frame, walking stick, prosthesis or similar.
- You cannot use either of your hands behind your back, as if you were putting on a jacket or tucking a shirt into trousers.
- You cannot extend either of your arms in front of you, as if you were shaking hands with someone, without difficulty.
- You cannot, without difficulty, put either of your hands up to your head, as if putting on a hat.
- Due to a lack of ability in using your hands, you cannot pick up a coin that is 2.5 centimetres or less in diameter, such as a 10 pence coin, with one hand.
- You find it difficult to use your hands or arms to pick up a full, one-litre jug and pour from it into a cup.
- You cannot turn either of your hands sideways through 180 degrees.

**Visual impairment**
- If you live in England or Wales – you have been certified as blind or partially sighted. Because of this, you are also registered as blind or partially sighted on a register maintained by, or on behalf of, a Health and Social Services Board.
- You cannot see to read 16-point print at a distance greater than 20 centimetres, even if you are wearing your usual glasses.

**Help**
If you need any help, please go to www.hmrc.gov.uk/taxcredits or phone our Helpline.
Phone 0845 300 3900
Textphone 0845 300 3909.
Open Monday to Friday, 8.00am to 8.00pm. For weekend opening times and the best time to phone, please go to www.hmrc.gov.uk/taxcredit helpline

This is 16-point print. Can you read this at a distance greater than 20 centimetres?
Hearing impairment
- You cannot hear a phone ring when you are in the same room as the phone, even if you are using your usual hearing aid.
- You have difficulty hearing what someone two metres away is saying, even when they are talking loudly in a quiet room and you are using your usual hearing aid.

Other disability
- People who know you well have difficulty in understanding what you say.
- When a person that you know well speaks to you, you have difficulty in understanding what that person says.
- At least once a year, during waking hours, you are in a coma or have a fit where you lose consciousness.
- You have a mental illness that you receive regular treatment for under supervision of a medically qualified person.
- Due to mental disability, you are often confused or forgetful.
- You cannot do the simplest addition and subtraction.
- Due to mental disability, you strike people or damage property, or are unable to form normal social relationships.

- You cannot normally sustain an eight-hour working day or a five-day working week, due to a medical condition or intermittent or continuous severe pain.
- As a result of an illness or accident, you are undergoing a period of habilitation or rehabilitation. This does not apply to you if you have been getting a disability element of Working Tax Credit in the past two years.

Condition 3
You receive, or have recently received, a qualifying sickness or disability-related benefit. You will meet this condition if at least one of the following four descriptions applies to you, or if:
- you were entitled to the disability element of Working Tax Credit within the last eight weeks, and you are now making another claim, and
- in your earlier claim you satisfied description 2 or 3 aside, or description 4 on page 24.

1. You are currently receiving one of the following benefits:
- Disability Living Allowance
- Attendance Allowance
- Industrial Injuries Disablement Benefit, with Constant Attendance Allowance for you
- War Disablement Pension, with Constant Attendance Allowance or Mobility Supplement for you
- a vehicle provided under the Invalid Vehicle Scheme.

2. For at least one day in the last six months, you have received one of the following:
- Employment and Support Allowance (ESA) where you have received this allowance for 28 weeks or more or you have received Statutory Sick Pay (SSP) followed by ESA for a combined period of 28 weeks or more (see Note 1 aside)
- Incapacity Benefit at the short-term higher rate or long-term rate
- Severe Disablement Allowance
- income-based Jobseeker's Allowance, with a Disability Premium or Higher Pensioner Premium for you
- Income Support, with a Disability Premium or Higher Pensioner Premium for you
- Council Tax Benefit, with a Disability Premium or Higher Pensioner Premium for you
- Housing Benefit, with a Disability Premium or Higher Pensioner Premium for you.

Note 1: The 28 weeks does not need to be a single continuous period. You can add together:
- any periods that you received ESA, as long as they were no more than 12 weeks apart
- any periods that you received SSP, as long as they were no more than eight weeks apart
- any periods that you received SSP with periods that you received ESA, as long as they were no more than 12 weeks apart.

3. You have been ‘training for work’ for at least one day in the last eight weeks. ‘Training for work’ means attending government-run training, for example, that provided by the New Deal, Work Based Learning for Adults (Training for Work in Scotland) or a course that you attended for 16 hours or more a week to learn an occupational or vocational skill.
In the eight weeks before you started training for work you must have been getting:

- Incapacity Benefit paid at the short-term higher rate or long-term rate, or
- Severe Disablement Allowance, or
- contribution-based Employment and Support Allowance (ESA) for 28 weeks or more, or
- Statutory Sick Pay (SSP) followed by contribution-based ESA for a combined period of 28 weeks or more (see Note 2 below).

### Note 2: The 28 weeks does not need to be a single continuous period. You can add together:
- any periods that you received contribution-based ESA, as long as they were no more than 12 weeks apart
- any periods that you received SSP, as long as they were no more than eight weeks apart
- any periods that you received SSP with periods that you received contribution-based ESA, as long as they were no more than 12 weeks apart and you met the contribution conditions for contribution-based ESA on the days that you received SSP.

- Your gross earnings (before tax and National Insurance contributions are taken off) are at least 20% less than they were before you had the disability.
- Your gross earnings (before tax and National Insurance contributions are taken off) are at least £15 a week less than they were before you had the disability.

### Note 3: The 20 weeks does not need to be a single continuous period. You can add together:
- any separate periods that you received the benefits and credits in box A, as long as they were no longer than eight weeks apart
- any separate periods that you received the benefits and credits in box B, as long as they were no longer than 12 weeks apart.
