Getting your tax credits claim form right

Use these Notes to help you
**Claiming as a couple**

**You must claim as a couple** if you are married, living with someone as if you are married, or in a civil partnership. If you are legally separated or your separation is likely to be permanent, you should make a single claim. For example, you are in the process of getting divorced.

You should still make a joint claim as a couple even if you are living apart temporarily. For example, one of you is working away. If you do not have a partner, you should make a single claim based on your individual circumstances.

If you are claiming as part of a couple, you need to decide at the beginning whose details will go in the ‘YOU’ column and whose in the ‘YOUR PARTNER’ column. It does not matter as long as you stick to the same column throughout the form.

It is important that you understand the differences between claiming as a single person and claiming as a couple. If you get this wrong, you could build up an overpayment that you have to pay back. You may also have to pay a penalty. For more information about claiming as a couple, go to [www.gov.uk/claim-tax-credits/joint-claims](http://www.gov.uk/claim-tax-credits/joint-claims)

**If you don't know what to put for an answer**

If you are not sure what to put while filling in the form, leave the box blank for now. Make a note of the box number and carry on. When you have done as much as you can, phone us for help with the boxes you left blank.

The Tax Credit Office aims to deal with your claim within 3 weeks of receiving it, but it can take up to 5 weeks for you to receive your decision notice. If your circumstances change in the meantime, you must tell us straightaway.

You must answer any questions that ask for a 'Yes' or 'No' answer. If you don't, there may be a delay in dealing with your claim.

If a box is asking for information that doesn't apply to you, just leave it blank.

If you make a mistake cross it out and put the right answer below it.
1.6 Phone number
Please give us phone numbers we can easily contact you on. This will allow us to contact you quickly if we have any queries.

1.9 Do you usually live in the United Kingdom?
This question is about the country you live in most of the time. The UK is England, Wales, Scotland and Northern Ireland. It doesn’t include the Isle of Man or the Channel Islands. It doesn’t usually matter if you sometimes go to other countries on holiday or for work.

1.12 Highest Rate Care Component of Disability Living Allowance, Enhanced daily living component of Personal Independence Payment or Higher Rate of Attendance Allowance
If you (or your partner) get one of these benefits, and you qualify for Working Tax Credit, you can get the severe disability element of tax credits.

If you are waiting to hear about a claim for one of these benefits, leave this box blank. As soon as you know that the benefit is going to be paid to you, let us know the date it will start.

1.13 If you or your partner are incapacitated, an inpatient in hospital, in prison either on remand or serving a custodial sentence or entitled to Carer’s Allowance
Please read the notes on page 6 before you answer this question.

1.11 If you have a disability
You may get extra Working Tax Credit - we call this extra amount the disability element.
To get the disability element you (or your partner) must meet all 3 qualifying conditions.

Condition 1 - usually work 16 hours or more each week.
Condition 2 - have a disability putting you at a disadvantage in getting a job.
Condition 3 - get or have got a qualifying sickness or disability related benefit.

Please read the extra notes on pages 19 to 21 before you put an ‘X’ here.

1.8 Subject to immigration control
You are subject to immigration control if:
• the Home Office says you can stay in the UK (known as ‘leave to enter or remain’) but only if you don’t claim some benefits, tax credits or housing help paid by the UK government (known as ‘recourse to public funds’), or
• you need permission to stay in the UK (known as ‘leave to enter or remain’) but you don’t have it
If you are subject to immigration control, or you’re not sure if you are, you might still be able to get tax credits. Please phone the helpline to ask us.

If you have been granted asylum in the UK in the last month, you must answer ‘Yes’ to this question.

Couples – enter details for you and your partner separately in the boxes provided.
If you have more than one child, enter separate details for each in the boxes provided.

2.4 If you get Disability Living Allowance or Personal Independence Payment for your child, please read the extra information on page 4.

2.5 If the child has come from abroad and is staying with you for educational purposes, please phone the helpline.

2.7 If this child is registered with a careers service, Connexions, local authority support service, or similar organisation
If this child:
• is under 18
• has left full-time non-advanced education or approved training in the last 3 months, and
• is registered with a careers service, Connexions, local authority support service, or similar organisation within the European Union
enter the date that they left full-time non-advanced education or approved training.

You are responsible for a child if they usually live with you. If you share responsibility for a child with someone who is not your partner, decide which of you has the main responsibility. That person should then claim Child Tax Credit for the child.

You are not responsible for a child if they:
• get tax credits, Employment and Support Allowance, Universal Credit, Income Support or income-based Jobseeker's Allowance in their own right
• are looked after by a local authority that is paying towards the cost of their accommodation or maintenance
• have been sentenced to more than 4 months in custody or detention
• have ceased full-time, non-advanced education or approved training and have started work for 24 hours or more a week
Put ‘X’ in boxes that apply to this child

Help towards registered or approved childcare costs while you work
You can get help with your childcare costs if:
• you and your partner work 16 hours a week or more, or one of you works and the other is incapacitated, an inpatient in hospital, in prison either on remand or serving a custodial sentence or entitled to Carer’s Allowance, and
• you are using childcare now or have made arrangements with a provider to start in the next 7 days

Registered or approved childcare
You can get help towards your childcare costs if the childcare provider is registered or approved. Registration and approval bodies include:
• Ofsted or a childminding agency that is registered with Ofsted in England
• Care and Social Services Inspectorate in Wales
• Social Care and Social Work Improvement in Scotland
• a Health and Social Services Trust in Northern Ireland
You may still get help with your costs if you use other childcare, such as an after school club.

If you’re not sure if your childcare provider is registered or approved, or to find out if your childcare provider qualifies, please go to www.hmrc.gov.uk/leaflets/wtc5.pdf or, if you do not have access to the internet, phone our helpline.

Child disability elements
If your child has a disability you may get extra Child Tax Credit - we call this extra amount the child disability element. We may pay this if:
• you get Disability Living Allowance (DLA) or Personal Independence Payment (PIP) for your child, or
• your child is certified as severely sight impaired or blind by a consultant ophthalmologist, or ceased to be certified as severely sight impaired or blind by a consultant ophthalmologist in the last 28 weeks

If you get the Highest Rate Care Component of Disability Living Allowance, Enhanced daily living component of Personal Independence Payment or Armed Forces Independence Payment for your child, we may pay the severe disability element of tax credits.

If you have made a claim for DLA or PIP for a child but are waiting to hear if you’re going to get it, leave this box blank. As soon as you know that the benefit is going to be paid to you, let us know the date it will start.

The date you became responsible for the child
Enter the date the child started to live with you. You may need to put a date later than their date of birth if:
• you are a couple but only one of you was responsible for the child before - enter the date the child started to live with both of you
• you are fostering or adopting a child - enter the date the child started to live with you - if the local authority (in Northern Ireland, the Health and Social Services Trust) is making payments to you for the child, please phone the helpline
• you are claiming tax credits as a single person, having been part of a couple
• the child lived with someone else but has now come to live with you

Young people aged between 16 and 20
Full-time, non-advanced education
As long as they started, accepted or enrolled on their course before age 19, full-time, non-advanced education means the young person is:
• at school or college (not at university)
• doing subjects up to and including A level, NVQ level 3, Scottish Highers or advanced Highers (not an HNC or a degree), and
• in lessons for more than 12 hours a week in term-time, or
• on a traineeship (in England only)
The course of education must not be provided by an employer or any office they hold.

Approved training
Training is approved if it is provided under 1 of the following programmes.
In England – Access to Apprenticeships.
In Scotland - The Employability Fund.
In Wales – Foundation Apprenticeships or Traineeships.
In Northern Ireland - Training for Success (including Programme Led Apprenticeships), Pathways for Success (Pathways for Young People element) or The Collaboration and Innovation Programme.

The approved training must not be provided under a contract of employment.
A young person still counts as being in full-time, non-advanced education or approved training if they are getting ready for exams, are off sick but will come back when they’re better, or have just finished a course and are registered to start another course next term.
If you are not sure if your child is in full-time, non-advanced education or approved training, phone the helpline.
PART 3

CHILD CARE COSTS – HELP FOR WORKING PARENTS

Do you pay childcare costs? If so, you may get extra help towards them through tax credits. Before you make any entries in this PART please read the Notes, pages 5 and 6, to see if your childcare costs qualify.

You can claim help with childcare costs if your child is 15 or under (but see Notes, page 3, box 2.4), and you work 16 hours a week or more.

Couples – you can claim help with childcare costs as a couple, if both of you work 16 hours a week or more, or if one partner works 16 hours a week or more and the other partner is incapacitated, an inpatient in hospital, in prison either on remand or serving a custodial sentence or entitled to Carer’s allowance.

Answer questions 3.1 to 3.7.

If you use more than one childcare provider, fill in form TC600A Additional pages and send it back with this claim form.

3.1 Name of childcare provider
If a relative provides your childcare you may not qualify, please read the notes on page 6.

3.4 Childcare provider’s registration or approval body
Ask your childcare provider which authority has approved or registered them. Registration and approval bodies include:
• Ofsted or a childminding agency that is registered with Ofsted in England
• Care and Social Services Inspectorate in Wales
• Scottish Commission for the Regulation of Care in Scotland
• a Health and Social Services Trust in Northern Ireland

3.5 Childcare provider’s registration or approval number
Ask your childcare provider to see their letter or certificate to make sure their registration or approval is up to date. Ask them for their registration or approval number.

3.7 Enter the average weekly amount you pay this childcare provider
Please read the notes on page 6.

Help
If you need any help, please go to www.gov.uk/browse/benefits/tax-credits or phone our helpline.
Phone 0345 300 3900
Textphone 0345 300 3909
For our opening hours, go to www.gov.uk/hmrc/contact or phone us.
If your child is looked after by a relative
You will not usually get help with the cost of childcare if your child is looked after by a:
• parent or step-parent
• grandparent
• aunt or uncle
• brother or sister
But, if your child is cared for by a relative and that relative is a registered or approved childminder, go to www.hmrc.gov.uk/leaflets/wtc5.pdf for more information.

Enter the average weekly amount you pay this childcare provider
Do not include any amount:
• paid by your employer, in money or in vouchers towards your childcare costs
• you get in childcare vouchers through salary sacrifice
• paid by a local authority or local education authority towards the cost of childcare for 3 or 4 year olds
• paid by a government scheme, for example, a student childcare grant or the Upfront Childcare Fund to help you start work
If you pay childcare weekly and you pay the same amount each week, enter that amount.
If you pay childcare weekly but pay different amounts you should add up all the weekly amounts you have paid in the last 52 weeks and divide the total by 52.
Always round your average costs up to the nearest pound.

Example – you pay childcare weekly and pay different amounts each week
Ahmed usually pays £60 a week for registered childcare during term-time.
In the school holidays he pays for 10 weeks at £100 a week.
His total costs for 52 weeks are (£100 x 10 weeks) + (£60 x 39 weeks) = £3,340.
So his average weekly costs are £3,340 divided by 52 = £64.23
(round up to £65.)
Note: Only include costs for weeks that you actually pay for.

If you need help working out your average weekly childcare costs
You should go to www.gov.uk/childcare-costs-for-tax-credits or, if you do not have access to the internet, phone our helpline.

If you need to use childcare for just a short period
If you only use childcare for a short, fixed period, for example during the school holidays, you may be able to claim and get help with your childcare costs for that period. By ‘fixed’ we mean that you know when the period of childcare will begin and end. To claim help with your childcare costs for a short, fixed period, phone the helpline as soon as the childcare starts, or not more than 7 days before. You will need to tell us the:
• start and end dates of the childcare
• actual cost of the childcare
• childcare provider’s details

If you or your partner are incapacitated, an inpatient in hospital, in prison either on remand or serving a custodial sentence or entitled to Carer’s Allowance
By incapacitated we mean that you currently get one of the following benefits:
• Disability Living Allowance or Personal Independence Payment
• Attendance Allowance
• Severe Disablement Allowance
• Incapacity Benefit at the short-term higher rate or long-term rate
• contribution-based Employment and Support Allowance (ESA) for 28 weeks or more, or Statutory Sick Pay followed by contribution-based ESA for 28 weeks or more
• National Insurance credits awarded on the grounds of limited capability for work, following expiry of 12 months entitlement to contribution-based ESA
• Industrial Injuries Benefit with Constant Attendance Allowance
• War Disablement Allowance with Constant Attendance Allowance or Mobility Supplement
• Council Tax Benefit, Council Tax Reduction Scheme or Housing Benefit with a Disability Premium or Higher Pensioner Premium
• a vehicle under the Invalid Vehicle Scheme

4.3 How many hours a week you usually work

If you're an employee (you work for someone else)
Enter the number of hours you work in a normal week. Include overtime you do
most weeks. If you have more than 1 job, add all the hours together.

If you're self-employed (you work for yourself)
Enter the number of hours a week you normally spend working in your business,
either on work billed to a client or its related activity.

If you work different hours at different times of the year
Enter the number of hours a week you are working at the moment. Tell us if your
hours change or you stop working completely.

If you only work in school terms
Enter the number of hours a week you usually work in school terms.
Use the examples on page 9 to help you.

If you're a foster carer
The hours you work as a foster carer may count for tax credits if you receive
payment from your local authority. If foster caring is your main source of income
or your main job you may be able to get Working Tax Credit. Please phone us for
more information or to find out if you can make a claim.

If you're on sick leave
Enter the number of hours you usually worked before you went on sick leave.
You can claim Working Tax Credit while you are on sick leave if:
• you've made a single claim and your usual hours are 16 hours or more
  a week, and
  — you're responsible for a child, or
  — you're aged 60 or over, or
• you've made a claim as a couple and
  — you or your partner are responsible for a child and
  — your combined working hours are 24 hours or more a week with at least one
    of you working 16 hours a week, or
• in all other cases, your usual working hours are 30 hours or more a week and
  you get one of the following benefits:
    — Statutory Sick Pay
    — Short Term Incapacity Benefit at the lower rate
    — Income Support paid on the grounds of incapacity for work
    — Employment and Support Allowance
    — National Insurance credits on the grounds of incapacity for work or limited
      capability for work

If you're on paid ordinary or additional maternity, paternity or adoption leave
(or would have been on paid additional paternity leave if the qualifying
conditions had been met)
Enter the number of hours you usually worked before your leave started. If you
are self-employed you should enter the number of hours you usually worked
before leave started if you would have qualified for paid ordinary or additional
maternity, paternity or adoption leave had you been an employee.
If you're suspended from work
Enter the number of hours you usually worked before you were suspended.

If you're on strike
If you've been on strike for less than 11 days, enter the number of hours you usually worked before you went on strike.
You can only get Working Tax Credit for the first 10 days of your strike. If your strike goes on longer than 10 days, please tell us straightaway. You can't claim Working Tax Credit until you've gone back to work.

If you've left your job but are still getting paid
If you've left your job but are still getting paid because you weren't given enough notice, you don't count as being in work. So your usual hours are zero.
Phone us if you've recently finished work but are going to start a new job soon.

Example 3 – different hours every other week
Sue works 14 hours 1 week and 18 hours the next. This hardly ever changes.
To work out her usual weekly hours Sue should look at the average number of hours she works over her regular 2-week cycle.
Her usual hours are 16 hours a week. This is worked out as follows:
Add together the hours worked 14 + 18 = 32.
Divide 32 by 2 (the number of weeks) = 16.

Example 4 – going back to work after being unemployed
Vijaya has not worked at all for the last 10 years. She started a new job last week, working 20 hours a week. Her usual hours are therefore 20 hours a week.
The fact that she only started last week does not change the fact that she now usually works 20 hours a week.

Example 5 – working for part of the year only
Julie usually does 35 hours work a week for 3 months each summer.
She can claim Working Tax Credit during this 3-month period but when she finishes this seasonal work, her Working Tax Credit will stop, unless she gets another job within a week of finishing.
If she does get another job and her usual hours are less than 30 hours a week, she must tell us about the change within 1 month. If she does not get another job she must tell us within 1 month that she has stopped working.
She cannot get Working Tax Credit until the next period in which her usual hours of work are high enough for her to qualify again.

Example 6 – working term time only
Mary works as a school dinner lady for 18 hours a week during term time.
Her usual working hours are therefore 18 hours a week. It does not matter that she does not work at all in the school holidays, because these holidays are part of her regular annual working cycle and do not count in the calculation of usual working hours.

6.0 Other income
Do not fill in this box if your other income is:
- less than £300
- a maintenance payment
- a student grant, bursary or loan

Couples – enter details for you and your partner separately in the boxes provided.
Copy the information from your P9D or P11D form that you get from your employer. If you've had more than 1 employer, add the figures together.

Goods and assets your employer gave you (for example, gifts of food, fuel, cigarettes or clothes) – shown on P11D section A or P9D section A(2) in the third or fourth boxes.

Payments made by your employer on your behalf (for example, payment of rent or utility bills) – shown on P11D section B in the first box numbered 15, or P9D section A(2) in the first, second and fifth boxes.

Cash or non-cash vouchers and credit tokens (for example, a company credit card) – shown on P11D section C, or P9D section B (add together all the boxes). Don't include the cash equivalent of childcare vouchers if they are used to pay for registered or approved childcare.

Mileage allowance. Include payments for using your own car – enter the taxable amount shown on P11D section E. Also include running costs your employer has paid for – shown on P11D section E or included in section N. If your mileage costs are not paid by your employer, or they only pay a little of it, please phone us.

Company car – shown on P11D in box 9 of section F.
Car fuel benefit – shown on P11D in box 10 of section F.

Expenses payments made to you or on your behalf – shown on P11D section J, M or N or P9D section A(1).
You might be able to reduce this amount by claiming a deduction of expenses allowed for certain Income Tax purposes. Please phone us.

**Total.** Enter this amount in box 5.4. **Don't include** the pence.
If your business had other income or profits
Include these in your box 5.5 amount – for example, rental income. Include any amounts from:
• Self-employment (short) pages, box 30
• Self-employment (full) pages, box 75
• Partnership (short) pages, box 19 or 28
• Partnership (full) pages, box 76 and boxes 35, 70, 73 if appropriate

If you use averaging because you’re a farmer, market gardener or creator of literary or artistic works
You can’t use averaging in your tax credits claim. So you need to adjust your total profits figure to take out the averaging. This is how you do that.
You’ll have entered a figure in:
• Self-employment (full) pages, box 72, or
• Partnership (short or full) pages, box 11

If the figure in either of these boxes increases your profit, take this amount away from your total profits.
If the figure in either of these boxes reduces your profit, add this amount to your total profits.

If you traded outside of the UK in 2014 to 2015
You should enter your profit in British pounds, not the foreign currency. If you need any help with this, go to www.hmrc.gov.uk/exrate

Taxable income from foster caring
You should include taxable income from foster caring as self-employed income. Your foster caring income for tax credits purposes is the same as your taxable profit from fostering.

**Condition 1**
You usually work for 16 hours or more a week.

**Condition 2**
You have a disability that puts you at a disadvantage in getting a job.
At least one of the following descriptions must apply to you.
We may ask for the name of someone involved in your care, like an occupational therapist, community nurse, district nurse or doctor, who can confirm how your disability affects you.

**Physical disability**
- When standing you cannot keep your balance unless you continually hold on to something.
- You cannot walk a continuous distance of 100 metres along level ground without stopping or without suffering severe pain - even when you use your usual walking aid, such as crutches, walking frame, walking stick, prosthesis or similar.
- You cannot use either of your hands behind your back, as if you were putting on a jacket or tucking a shirt into trousers.
- You cannot extend either of your arms in front of you, as if you were shaking hands with someone, without difficulty.

- You cannot turn either of your hands sideways through 180 degrees.

**Visual impairment**
- If you live in England or Wales – you are registered as blind or partially sighted on a register compiled by a local authority.
- If you live in Scotland – you have been certified as blind or as partially sighted. Because of this, you are also registered as blind or partially sighted on a register maintained by, or on behalf of, a regional or island council.
- If you live in Northern Ireland – you have been certified as blind or partially sighted. Because of this, you are also registered as blind or partially sighted on a register maintained by, or on behalf of, a Health and Social Services Board.

**Hearing impairment**
- You cannot hear a phone ring when you are in the same room as the phone, even if you are using your usual hearing aid.

- When a person that you know well speaks to you, you have difficulty understanding what that person says.

Your rights and obligations
‘Your Charter’ explains what you can expect from us and what we expect from you. For more information, go to www.gov.uk/hmrc/your-charter

How we use your information
HM Revenue & Customs is a Data Controller under the Data Protection Act 1998. We hold information for the purposes specified in our notification to the Information Commissioner, including the assessment and collection of tax and duties, the payment of benefits and the prevention and detection of crime, and may use this information for any of them.

We may get information about you from others, or we may give information to them. If we do, it will only be as the law permits to:
• check the accuracy of information
• prevent or detect crime
• protect public funds

We may check information we receive about you with what is already in our records. This can include information provided by you, as well as by others, such as other government departments or agencies and overseas tax and customs authorities. We will not give information to anyone outside HM Revenue & Customs unless the law permits us to do so. For more information, go to www.gov.uk/data-protection

Tax credits appointee
You are an appointee if you have been appointed to act by one or more of the following:
• a court of law
• the Department for Work and Pensions
• the Department for Social Development
• us, when you have made a previous claim for the person(s) claiming

Please tell us the date you were appointed and who appointed you.

If you are acting as appointee for the first time, please explain why the person who is claiming cannot complete and sign the form. We will then consider whether to appoint you. Before we decide, we may need to contact you for more information.

You are not an appointee if you are simply helping someone to fill in the form and they understand what you are doing. For example, you might help someone to fill in the form because you:
• work in a welfare rights organisation such as Citizens Advice
• are helping them as a friend, or
• are translating the questions into another language for them because they speak and understand very little English

If the person claiming understands the Declaration and is able to sign it then they should do so.

These notes are for guidance only and reflect the position at the time of writing. They do not affect any right of appeal.
