Getting your tax credits claim form right

Use these Notes to help you
You must claim as a couple if you are married, or in a civil partnership. If you are legally separated or your separation is likely to be permanent, you should make a single claim. For example, you are in the process of getting divorced.

You must also claim as a couple if you are living with someone as if you are married, or in a civil partnership. You should still make a joint claim as a couple even if you are living apart temporarily. For example, one of you is working away.

If you do not have a partner, you should make a single claim based on your individual circumstances.

If you are claiming as part of a couple, you need to decide at the beginning whose details will go in the ‘YOU’ column and whose in the ‘YOUR PARTNER’ column. It does not matter as long as you stick to the same column throughout the form.

For more information about claiming as a couple go to www.hmrc.gov.uk/taxcredits

If you are not sure what to put leave the box blank for now. Make a note of the box number and carry on. When you have done as much as you can, phone us for help with the boxes you left blank.

We aim to get back to you about your claim within three weeks of getting it. If you have any changes to your circumstances after you have sent your claim to us, you must tell us about them. If you have not heard from us within one month of posting your claim, please phone us to check that we have got your claim.

We have a range of services for people with disabilities, including guidance in Braille, audio and large print. All of our leaflets and factsheets are also available in large print. Please contact any of our phone helplines if you need these services.

Backdating your claim

We can normally only backdate your tax credits for up to one month from the date we get your claim. So, to avoid losing money make sure you claim straightaway.

You will need to ask for backdating if:
• you’re only claiming Working Tax Credit (you’re not claiming for any children), or
• you’ve been getting Income Support, income-based Jobseeker’s Allowance, income-related Employment and Support Allowance, or Pension Credit.

To ask for backdating, please attach a separate sheet of paper to your claim form telling us:
• your name, address and National Insurance number, and
• the date you started work, or
• the start date of Income Support, income-based Jobseeker’s Allowance, income-related Employment and Support Allowance or Pension Credit.

If you are entitled to the disability element and you were awarded a qualifying sickness or disability benefit (for example, Disability Living Allowance) you may be entitled to more than one months backdating. If you think this applies to you, please tell us in your letter the date the benefit was awarded from.

You need to tell us within one month of being notified of the qualifying sickness or disability benefit decision.

Please give us phone numbers we can easily contact you on. This will allow us to contact you quickly if we have any queries.

1.9 Do you usually live in the United Kingdom?
This question is about the country you live in most of the time. The UK is England, Wales, Scotland and Northern Ireland. It doesn’t usually matter if you sometimes go to other countries on holiday or for work.

1.12 Highest Rate Care Component of Disability Living Allowance or Higher Rate of Attendance Allowance
If you (or your partner) get one of these benefits, and you qualify for Working Tax Credit, you can get the severe disability element of tax credits.

If you are waiting to hear about a claim for one of these benefits, leave this box blank. As soon as you know that the benefit is going to be paid to you, let us know the date it will start. If you get one of these benefits on behalf of a child, leave this box blank. You will be asked about this in Part 2.

1.13 If you or your partner are incapacitated, in hospital or in prison
Please read the notes on page 6 before you answer this question.

1.11 If you have a disability
You may get extra Working Tax Credit - we call this extra amount the disability element. To get the disability element you (or your partner) must meet all three qualifying conditions.

Condition 1 - usually work 16 hours or more each week.

Condition 2 - have a disability putting you at a disadvantage in getting a job.

Condition 3 - get or have got a qualifying sickness or disability related benefit.

Please read the extra notes on pages 19 to 21 before you put an ‘X’ here.

1.8 Subject to immigration control
You are subject to immigration control if:
• the Home Office says you can stay in the UK (known as ‘leave to enter or remain’) but only if you don’t claim some benefits, tax credits or housing help paid by the UK government (known as ‘recourse to public funds’), or
• you need permission to stay in the UK (known as ‘leave to enter or remain’) but you don’t have it.

If you are subject to immigration control, or you’re not sure if you are, you might still be able to get tax credits. Please phone the helpline to ask us.

If you have been granted asylum in the UK in the last month, you must answer ‘yes’ to this question.

Couples – enter details for you and your partner separately in the boxes provided.
You can claim Child Tax Credit for a child until 31 August after their 16th birthday. You can also claim for a young person who is aged between 16 and under 20. They need to be in full-time non-advanced education or on an approved training course. There is more information on page 4.

2.4 Help towards registered and approved childcare costs while you work
You can get help for a child up to:
- the Saturday following 1 September after their 15th birthday, or
- the Saturday following 1 September after their 16th birthday if
  - they are registered blind, or have been taken off the blind register in the last 28 weeks, or
  - you get Disability Living Allowance for them.

Before you put an 'X' in this box, please read the notes on page 4 to make sure you qualify.

2.5 If you or your partner became responsible for a child on a date other than their date of birth.
If the child has not lived with you since birth, you can only get Child Tax Credit from the date:
- you became the person (or couple) with the main responsibility for them.
Please read the extra information on page 4.

2.6 If this child is registered with a careers service, Connexions, Ministry of Defence, or similar organisation. Enter the date they left full-time non-advanced education or approved training.

2.7 If this child is registered with a careers service, Connexions, Ministry of Defence, or similar organisation. Enter the date they left full-time non-advanced education or approved training.

2.9 If this child is registered with a careers service, Connexions, Ministry of Defence, or similar organisation. Enter the date they left full-time non-advanced education or approved training.

You are responsible for a child if they usually live with you. If you share responsibility for a child with someone who is not your partner, decide which of you has the main responsibility. That person should then claim Child Tax Credit for the child.

You are not responsible for a child if they:
- get tax credits, Employment and Support Allowance, Income Support or income-based Jobseeker’s Allowance in their own right
- are looked after by a local authority that is paying towards the cost of their accommodation or maintenance
- have been sentenced to more than four months in custody or detention
- have ceased full-time non-advanced education or approved training and have started work for 24 hours or more a week.

Help towards registered or approved childcare costs while you work
You can get help with your childcare costs if:
• you and your partner work 16 hours a week or more, or one of you works and the other is incapacitated, in hospital or in prison, and
• you are using childcare now or have made arrangements with a provider to start in the next seven days.

Registered or approved childcare
You can get help towards your childcare costs if the childcare provider is registered or approved. Registration and approval bodies include:
• Ofsted in England
• Care and Social Services Inspectorate in Wales
• Social Care and Social Work Improvement in Scotland
• a Health and Social Services Trust in Northern Ireland.
You may still get help with your costs if you use other childcare, such as an after school club.
If you're not sure if your childcare provider is registered or approved, or to find out if your childcare provider qualifies, please go to www.hmrc.gov.uk/leaflets/wtc5.pdf or phone the helpline.

Child disability elements
If your child has a disability you may get extra Child Tax Credit – we call this extra amount the child disability element. We may pay this if:
• you get Disability Living Allowance for your child, or
• your child is registered blind, or has been taken off the blind register in the last 28 weeks.
If you get the Highest Rate Care Component of Disability Living Allowance for your child, we may pay the severe disability element of tax credits.
If you have made a claim for Disability Living Allowance for a child but are waiting to hear if you're going to get it, leave this box blank. As soon as you know that the benefit is going to be paid to you, let us know the date it will start.

The date you became responsible for the child
Enter the date the child started to live with you. You may need to put a date later than their date of birth if:
• you are a couple but only one of you was responsible for the child before.
• you are fostering or adopting a child. Enter the date the child started to live with you. If the local authority (in Northern Ireland, the Health and Social Services Trust) is making payments to you for the child, please phone the helpline
• you are claiming tax credits as a single person, having been part of a couple
• the child lived with someone else but has now come to live with you.

Young people aged between 16 and 20
Full-time non-advanced education
As long as they started, accepted or enrolled on their course before age 19, full-time non-advanced education means the young person is:
• at school or college (not at university)
• doing subjects up to and including A level, NVQ level 3, Scottish Highers or advanced Highers (not an HNC or a degree), and
• in lessons for more than 12 hours a week in term-time.
A young person still counts as being in full-time non-advanced education or approved training if they are getting ready for exams, are off sick but will come back when they're better, or have just finished a course and are registered to start another course next term. If you are not sure if your child is in full-time non-advanced education or approved training, phone the helpline.

Approved training courses
In England – Foundation Learning Programmes, Access to Apprenticeships or Programme Led Apprenticeships.
In Scotland – Get Ready for Work or Skillseekers.
In Wales – Traineeships, Foundation Apprenticeships, Skillbuild or Skillbuild+.
In Northern Ireland – Jobskills or Training for Success: Professional and Technical Training, or Programme Led Apprenticeships (Apprenticeships NI).
A course provided by an employer as part of a job contract doesn't count as approved. For example, Modern Apprenticeships in Scotland are always provided as part of a job contract so do not count as approved training.
You can get up to 70% of the childcare costs you pay. There is a limit which means the most you can get is £122.50 a week for one child or £210 a week for two or more children.

Read the notes on pages 3, 4 and 6 to make sure you qualify.

### PART 2 CHILDREN (continued)

**YOU**

- Child Benefit reference number: If you get Child Benefit, enter the reference number, if known, in the box below. You can find it on any Child Benefit letters you’ve had. If you don’t know it, just leave the box blank.

**YOUR PARTNER**

- Child Benefit reference number: If you get Child Benefit, enter the reference number, if known, in the box below. You can find it on any Child Benefit letters you’ve had. If you don’t know it, just leave the box blank.

#### 3.1 Name of childcare provider

If a relative provides your childcare you may not qualify, please read the notes on page 6.

#### 3.4 Childcare provider’s registration or approval body

Ask your childcare provider which authority has approved or registered them. Registration and approval bodies include:

- Ofsted in England
- Care and Social Services Inspectorate in Wales
- Scottish Commission for the Regulation of Care in Scotland
- a Health and Social Services Trust in Northern Ireland.

#### 3.5 Childcare provider’s registration or approval number

Ask your childcare provider to see their letter or certificate to make sure their registration or approval is up to date. Ask them for their registration or approval number.

#### 3.7 Enter the average weekly amount you pay this childcare provider

Please read the notes on page 6.

Couples – enter details for you and your partner separately in the boxes provided.
If your child is looked after by a relative
You will not usually get help with the cost of childcare if your child is looked after by a:
• parent or step-parent
• grandparent
• aunt or uncle
• brother or sister.
Please phone the helpline if your child is cared for by a relative and that relative is a registered or approved childminder.

Enter the average weekly amount you pay this childcare provider
Do not include any amount:
• paid by your employer, in money or in vouchers towards your childcare costs
• you get in childcare vouchers through salary sacrifice
• paid by a local authority or local education authority towards the cost of childcare for three or four year olds
• paid by a government scheme, for example, a student childcare grant or the Upfront Childcare Fund to help you start work.

If you pay childcare weekly and you pay the same amount each week, enter that amount.
If you pay childcare weekly but pay different amounts you should add up all the weekly amounts you have paid in the last 52 weeks and divide the total by 52.
Always round your average costs up to the nearest pound.

Example – you pay childcare weekly and pay different amounts each week
Ahmed usually pays £60 a week for registered childcare during term-time. In the school holidays he pays for 10 weeks at £100 a week.
His total costs for 52 weeks are (£100 x 10 weeks) + (£60 x 39 weeks) = £3,340.
So his average weekly costs are £3,340 divided by 52 = £64.23 (round up to £65.)

Note: Only include costs for weeks that you actually pay for.

If you need help working out your average weekly childcare costs
You should go to www.hmrc.gov.uk/leaflets/wtc5.pdf or phone us.

If you need to use childcare for just a short period
If you only use childcare for a short, fixed period, for example during the school holidays, you may be able to claim and get help with your childcare costs for that period. By ‘fixed’ we mean that you know when the period of childcare will begin and end. To claim help with your childcare costs for a short, fixed period, phone the helpline as soon as the childcare starts, or not more than seven days before.
You will need to tell us the:
• start and end dates of the childcare
• actual cost of the childcare
• childcare provider's details.

If you or your partner are incapacitated, in hospital or in prison
By incapacitated we mean that you currently get one of the following benefits:
• Disability Living Allowance
• Attendance Allowance
• Severe Disablement Allowance
• Incapacity Benefit at the short term higher rate or long term rate
• contribution-based Employment and Support Allowance (ESA) for 28 weeks or more, or Statutory Sick Pay followed by contribution-based ESA for 28 weeks or more
• National Insurance credits awarded on the grounds of limited capability for work due to exhaustion of 12 months entitlement to contribution-based ESA
• Industrial Injuries Benefit with Constant Attendance Allowance
• War Disablement Allowance with Constant Attendance Allowance or Mobility Supplement
• Council Tax Benefit or Housing Benefit with a Disability Premium or Higher Pensioner Premium
• a vehicle under the Invalid Vehicle Scheme.
4.1 Do you currently do paid work?
Answer ‘Yes’ here if you or your partner are:
• doing work that you get paid for, including work as a self-employed person, or
• starting paid work in the next seven days.
Also answer ‘Yes’ if you or your partner are on leave, including:
• sick leave of 28 weeks or less
• maternity or adoption leave of 39 weeks or less
• ordinary paternity leave of two weeks or less
• additional paternity leave taken during the mothers maternity pay period.

4.2 Do you usually work in the United Kingdom?
This question is about the country you work in most of the time. It doesn’t matter if you sometimes go to other countries for work.
The UK is England, Wales, Scotland and Northern Ireland. It doesn’t include the Isle of Man or the Channel Islands.

4.3 How many hours a week do you usually work?
Please read the notes on pages 8 and 9 before you answer this question. It doesn’t matter if you’re off work at the moment - it’s your usual hours we need.
What hours you need to work

If you're not responsible for children:
• If you're aged 25 or over – you need to work at least 30 hours a week.
• If you're aged 16 or over
  – you need to work at least 16 hours a week, and
  – qualify for the disability element of Working Tax Credit.
• If you're aged 60 or over – you need to work at least 16 hours a week.

If you're responsible for children:
• If you're aged 16 or over – you need to work at least 16 hours a week.
• If you're aged 60 or over – you need to work at least 16 hours a week.
• If you're part of a couple – you need to work 24 hours a week between you with at least one of you working 16 hours a week unless the other person is:
  – incapacitated
  – in hospital, or
  – in prison either on remand or serving a custodial sentence.
See Notes page 6.

How many hours a week you usually work

If you're an employee (you work for someone else)
Enter the number of hours you work in a normal week. Include overtime you do most weeks. If you have more than one job, add all the hours together.

If you're self-employed (you work for yourself)
Enter the number of hours a week you normally spend working in your business, either on work billed to a client or its related activity.

If you work different hours at different times of the year
Enter the number of hours a week you are working at the moment. Tell us if your hours change or you stop working completely.

If you only work in school terms
Enter the number of hours a week you usually work in school terms.

Use the examples on page 9 to help you

If you're a foster carer
The hours you work as a foster carer may count for tax credits if you receive payment from your local authority. If foster caring is your main source of income or your main job you may be able to get Working Tax Credit.

If you're on sick leave
Enter the number of hours you usually worked before you went on sick leave. You can claim Working Tax Credit while you are on sick leave if:
• you've made a single claim and
  – your usual hours are 16 hours or more a week and
  – you're responsible for a child, or
  – you're aged 60 or over, or
• you've made a claim as a couple and
  – you or your partner are responsible for a child and
  – your combined working hours are 24 hours or more a week with at least one of you working 16 hours a week, or
• in all other cases, your usual working hours are 30 hours or more a week and you get one of the following benefits:
  – Statutory Sick Pay
  – Short Term Incapacity Benefit at the lower rate
  – Income Support paid on the grounds of incapacity for work
  – Employment and Support Allowance
  – National Insurance credits on the grounds of incapacity for work or limited capability for work.

If you're on paid ordinary or additional maternity, paternity or adoption leave
(or would have been on paid additional paternity leave if the qualifying conditions had been met)
Enter the number of hours you usually worked before your leave started. If you are self-employed you should enter the number of hours you usually worked before leave started if you would have qualified for paid ordinary or additional maternity, paternity or adoption leave had you been an employee.
**Example 1 – taking time off**
Jim usually works 28 hours a week. This week he took two days off unpaid and only worked 17 hours. But he expects to work 28 hours next week, and each week for the foreseeable future. So his usual hours are 28 hours a week.

**Example 2 – regular overtime**
Bill is contracted to work 25 hours a week. This week he has also done 10 hours of overtime. Last week Bill did no overtime at all, but most weeks he does 5 hours of overtime.
His usual hours are therefore 30 hours a week, made up of the 25 hours a week he is contracted to work and the 5 hours overtime he usually does each week. The fact that in the last couple of weeks he has not worked exactly 30 hours does not matter.

**Example 3 – different hours every other week**
Sue works 14 hours one week and 18 hours the next. This hardly ever changes.
To work out her usual weekly hours Sue should look at the average number of hours she works over her regular two-week cycle.
Her usual hours are 16 hours a week. This is worked out as follows:
Add together the hours worked 14 + 18 = 32.
Divide 32 by 2 (the number of weeks) = 16.

**Example 4 – going back to work after being unemployed**
Vijaya has not worked at all for the last 10 years. She started a new job last week, working 20 hours a week. Her usual hours are therefore 20 hours a week.
The fact that she only started last week does not change the fact that she now usually works 20 hours a week.

**Example 5 – working for part of the year only**
Julie usually does 35 hours work a week for three months each summer. She can claim Working Tax Credit during this three-month period but when she finishes this seasonal work, her Working Tax Credit will stop, unless she gets another job within a week of finishing.
If she does get another job and her usual hours are less than 30 hours a week, she must tell us about the change within one month. If she does not get another job she must tell us within one month that she has stopped working.
She cannot get Working Tax Credit until the next period in which her usual hours of work are high enough for her to qualify again.

**Example 6 – working term time only**
Mary works as a school dinner lady for 18 hours a week during term time. Her usual working hours are therefore 18 hours a week. It does not matter that she does not work at all in the school holidays, because these holidays are part of her regular annual working cycle and do not count in the calculation of usual working hours.
Page 6 of your claim form

4.7 Your employer’s PAYE reference

Copy the information from your P9D or P11D form that you get from your employer. If you’ve had more than one employer, add the figures together.

Goods and assets your employer gave you (for example, gifts of food, fuel, cigarettes or clothes) – shown on P11D section A or P9D section A(2) in the third or fourth boxes.

Payments made by your employer on your behalf (for example, payment of rent or utility bills) – shown on P11D section B in the first box numbered 15, or P9D section A(2) in the first, second and fifth boxes.

Cash or non-cash vouchers and credit tokens (for example, a company credit card) – shown on P11D section C, or P9D section B (add together all the boxes). Don’t include the cash equivalent of childcare vouchers if they are used to pay for registered or approved childcare.

Mileage allowance. Include payments for using your own car – enter the taxable amount shown on P11D section E. Also include running costs your employer has paid for – shown on P11D section E or included in section N. If your mileage costs are not paid by your employer, or they only pay a little of it, please phone us.

Company car – shown on P11D in box 9 of section F.

Car fuel benefit – shown on P11D in box 10 of section F.

Expenses payments made to you or on your behalf – shown on P11D sections J, M or N or P9D section A(1). You might be able to reduce this amount by claiming a deduction of expenses allowed for certain Income Tax purposes. Please phone us.

Total. Enter this amount in box 5.4. Don’t include the pence.

Please don’t send us this Working Sheet
If your business had other income or profits

Include these in your box 5.5 amount – for example, rental income. Include any amounts from:
- Self-employment (short) pages, box 29
- Self-employment (full) pages, box 74
- Partnership (short) pages, box 17 or 26
- Partnership (full) pages, box 17, 66, 69, 72 or 73.

If you use averaging because you’re a farmer, market gardener or creator of literary or artistic works

You can’t use averaging in your tax credits claim. So you need to adjust your total profits figure to take out the averaging. This is how you do that.

You’ll have entered a figure in:
- Self-employment (full) pages, box 71, or
- Partnership (short or full) pages, box 10.

If the figure in either of these boxes increases your profit, take this amount away from your total profits.
If the figure in either of these boxes reduces your profit, add this amount to your total profits.

If you traded outside of the UK in 2011–2012

You should enter your profit in British pounds, not the foreign currency. Phone our helpline if you need any help with this.

If you have more than one business

Add together:
- the adjusted profit from each of your Self-employment pages
- your share of the adjusted partnership profit from each of your Partnership (short or full) pages.

Taxable income from foster caring

You should include taxable income from foster caring as self-employed income. Your foster caring income for tax credits purposes is the same as your taxable profit from fostering.

We pay tax credits into a bank, building society or Post Office® card account. Couples – you only need to fill in both sides of this section if you want your Child Tax Credit and Working Tax Credit, paid into separate accounts.

You need to give us details below of the account you want tax credits paid into.

See Notes, page 18.

• You can use an existing account – you will find account details on your cheque book, bank book or statement.

• If your account is with a building society, or former building society, you may need to provide details of your roll or reference number on your bank or building society book or statement. You also need to provide details of the account number and sort code in boxes 6.6 and 6.7. See Notes, page 18.

• If you have a Post Office® card account please refer to your ‘Welcome Letter’ or statement for details of your account number and sort code. Leave box 6.8 blank and enter ‘POST OFFICE’ in box 6.9.

• If you do not have an account or want to open a new one for tax credits, see Notes, page 18.

**You – Account Details**

- **Name(s) of account holder(s).**
  - See Notes, page 18
- **Account number**

**Condition 2**
You have a disability that puts you at a disadvantage in getting a job.
At least one of the following descriptions must apply to you.
We may ask for the name of someone involved in your care, like an occupational therapist, community nurse, district nurse or doctor, who can confirm how your disability affects you.

**Physical disability**
- When standing you cannot keep your balance unless you continually hold on to something.
- You cannot walk a continuous distance of 100 metres along level ground without stopping or without suffering severe pain - even when you use your usual walking aid, such as crutches, walking frame, walking stick, prosthesis or similar.

- You cannot extend either of your arms in front of you, as if you were shaking hands with someone, without difficulty.
- You cannot, without difficulty, put either of your hands up to your head, as if putting on a hat.
- Due to a lack of ability in using your hands, you cannot pick up a coin that is 2.5 centimetres or less in diameter, such as a 10 pence coin, with one hand.
- You find it difficult to use your hands or arms to pick up a full, one-litre jug and pour from it into a cup.
- You cannot turn either of your hands sideways through 180 degrees.

**Visual impairment**
- If you live in England or Wales – you are registered as blind or partially sighted on a register compiled by a local authority.
- If you live in Scotland – you have been certified as blind or as partially sighted. Because of this, you are also registered as blind or partially sighted on a register maintained by, or on behalf of, a regional or island council.

**Tax credits appointee**

You are an appointee if you have been appointed to act by one or more of the following:

- a court of law
- the Department for Work and Pensions
- the Department for Social Development
- us, when you have made a previous claim for the person(s) claiming.

Please tell us the date you were appointed and who appointed you.

If you are acting as appointee for the first time, please explain why the person who is claiming cannot complete and sign the form. We will then consider whether to appoint you. Before we decide, we may need to contact you for more information.

You are not an appointee if you are simply helping someone to complete the form and they understand what you are doing. For example, you might help someone to fill in the form because you:

- work in a welfare rights organisation such as Citizens Advice
- are helping them as a friend, or
- are translating the questions into another language for them because they speak and understand very little English.

If the person claiming understands the Declaration and is able to sign it then they should do so.
