Some important changes to Working Tax Credit from April 2012
From April 2012 couples with children will have to work at least 24 hours a week between them, with one partner working at least 16 hours. So if you’re a couple and only one of you is working, that person will need to work at least 24 hours a week.

If your joint working hours are less than 24 a week, you can still get Working Tax Credit if one of the following applies:
- one of you is aged 60 or over and working at least 16 hours a week
- one of you is disabled and working at least 16 hours a week
- one of you works at least 16 hours a week, and the other person can’t work because they’re incapacitated, an inpatient in hospital or in prison (serving a custodial sentence, or remanded in custody awaiting trial or sentence).

Remember
Tax credits are flexible and change when your life changes.

We aim to deal with your renewal within 8 weeks of receiving your declaration. When we have dealt with it, we will let you know. We will continue to pay you during this time, so you only need to contact us if you have any changes to tell us about.
There are 3 steps you need to take to renew

**STEP A — Your personal circumstances**

What to check at Step A on your Annual Review

Your Annual Review shows your personal circumstances at the start of your award period. If you told us about any changes, we show them at Step B.

You (and your partner, if you have one)
This shows if you claimed as a single person, or jointly as a couple. If you claimed as a couple we show both names. You are both responsible for making sure the information is correct. For more information see page 3.

Where you live
This is the country you live in most of the time. If your main home was in England, Scotland, Wales or Northern Ireland (but not the Channel Islands or the Isle of Man) we show you as living in the United Kingdom. It doesn’t matter if you sometimes go to other countries for holidays for less than eight weeks.

Your work or benefits
This shows the country you work in most of the time and the number of paid hours a week you usually work. It doesn’t matter if you sometimes go to other countries for work. It may also show if you received:
- Income Support
- income-based Jobseeker’s Allowance or income-related Employment and Support Allowance
- Pension Credit, or
- the 50-plus element of tax credits.

Step A
Check your personal circumstances at the start of your award period were correct and complete

For more information about childcare costs or to check if your childcare provider qualifies see our leaflet WTC5 Working Tax Credit - Help with the costs of childcare. To get a copy go to

www.hmrc.gov.uk/leaflets/wtc5.pdf or phone our helpline.

Disability
If you have a disability, we show this here. For more information see pages 3 and 5.

Qualifying children and young people
If you claimed for any children, this shows the information you gave us. You can claim Child Tax Credit for a child until 31 August after their 16th birthday. You can also claim for a young person who is aged between 16 and under 20 if they are in full-time non-advanced education or on an approved training course.

Child disability element
If your child has a disability, we show this here. For more information see pages 3 and 5.

Childcare costs
This shows if you qualify for childcare costs because you work. You get help with childcare costs if you work 16 hours a week or more. If you are a couple, both of you must work 16 hours a week, or one of you must work 16 hours a week if the other is incapacitated and getting a disability benefit, in hospital or in prison.

You can get help for a child up to:
- the Saturday following 1 September after their 15th birthday;
- the Saturday following 1 September after their 16th birthday if they have a disability.

There is more information on pages 3 and 7.
STEP A – Your personal circumstances

You (and your partner, if you have one)

We treat you as a couple if you are:
• married, or
• in a civil partnership
unless you are legally separated or your separation is likely to be permanent.

We treat you as a couple if you are living with someone else as if you are:
• married, or
• in a civil partnership.

We still treat you as a couple if you are living apart temporarily – for example one of you is working away.

If you have a disability
You may get the disability element or severe disability element of Working Tax Credit. See page 5 for the qualifying conditions.

Qualifying children and young people
This can include children until their 16th birthday and young people aged from 16 but under 20 years old.

Full-time education
A young person is in full-time non-advanced education if they started, accepted or enrolled on their current course before age 19:
• at school or college (not at university)
• are doing subjects up to and including A level, NVQ level 3, Scottish Highers or Advanced Highers (not a higher national certificate or a degree), and
• are in lessons for an average of more than 12 hours a week in term-time.

A young person still counts as being in full-time education if they:
• are on study leave (getting ready for exams)
• are off sick but will go back when they're well again
• have just finished a course and are registered to start another course next term.

The education cannot be provided by an employer or an office held by the young person.

If you're not sure if a young person is in full-time education, please phone our helpline.

Approved training courses
In England – Foundation Learning Programmes, Access to Apprenticeships or Programme Led Apprenticeships.
In Scotland – Get Ready for Work or Skillseekers.
In Wales – Traineeships, Foundation Apprenticeships, Skillbuild or Skillbuild+.
In Northern Ireland – Jobskills or Training for Success: Professional and Technical Training or Programme Led Apprenticeships (Apprenticeships NI).

A course provided by an employer as part of a job contract doesn’t count as approved. For example, Modern Apprenticeships in Scotland are always provided as part of a job contract so do not count as approved training.

Child disability elements
If your child has a disability you may get extra Child Tax Credit if:
• you receive Disability Living Allowance (DLA) or the Highest Rate Care Component of DLA for your child, or
• the child is registered blind or came off the blind register in the 28 weeks before you claimed tax credits.

Childcare costs
You can get help towards your childcare costs if your childcare provider is registered or approved. If you’re not sure, please ask them.

You may still get help if you use other childcare, such as an after school club.

Registration and approval bodies include:
• Ofsted in England
• Care and Social Services Inspectorate Wales
• Scottish Commission for the Regulation of Care in Scotland
• a Health and Social Services Trust in Northern Ireland.

Help
If you need any help please:
• go to www.hmrc.gov.uk/taxcredits
• phone our helpline on 0345 300 3900 or Textphone on 0345 300 3909.

**STEP B – Changes in your personal circumstances**

Have you made more than one claim?

If you made more than one tax credits claim in the year you will get a renewal pack for each claim. For example, if you claimed as an individual then later claimed as part of a couple, you may need to reply to each pack we send you.

If a child or young person starts to claim in their own right:
- Employment and Support Allowance
- Income Support

If a young person gets married, enters a civil partnership, or starts living with a partner as if they are married or in a civil partnership.

If you do not tell us about these changes, you could build up an overpayment that you have to pay back. You may also have to pay a penalty.

Also please tell us as soon as you can if:
- you or your partner has a baby
- a child or young person joins your family.

If you don't tell us, you may not get all the money you are entitled to.
**STEP B – Changes in your personal circumstances**

**Changes in a disability**

*If you have a disability*

If you receive a qualifying sickness or disability-related benefit you may be entitled to claim the disability or severe disability element of Working Tax Credit. To get the disability element you must meet all three qualifying conditions.

**Condition 1** - usually work 16 hours or more a week.

**Condition 2** - have a disability putting you at a disadvantage in getting a job.

**Condition 3** - receive or have received a qualifying sickness or disability related benefit.

*If you have a severe disability*

You can get the severe disability element of Working Tax Credit if you receive the:

- Highest Rate Care Component of Disability Living Allowance or
- Higher Rate of Attendance Allowance, or it has been suspended because you are in hospital.

If you are part of a couple, you don't have to be working to get the severe disability element of Working Tax Credit, as long as your partner works.

**Child disability elements**

You may get extra Child Tax Credit if:

- Disability Living Allowance (DLA) or the Highest Rate Care Component of DLA is payable for the child, or if it has been suspended because they are in hospital, or
- the child is registered blind or came off the blind register in the 28 weeks before you claimed tax credits.

You should tell us if you (or your partner, if you have one) or your child no longer meet the qualifying conditions for getting the disability or severe disability element of Working Tax Credit or Child Tax Credit.

If you do not tell us about these changes, you could build up an overpayment that you have to pay back. You may also have to pay a penalty.

- go abroad for a temporary absence lasting more than eight weeks (or more than 12 weeks if you go abroad because you are ill, or because a member of your family is ill or has died)
- lose your right to reside in the UK.

  - 24 hours or more a week (you can add your working hours together to make 24 hours, see the inside front cover for details of the changes from April 2012), or

**STEP B – Changes in your personal circumstances**

**Changes in your childcare costs**

You must tell us about the following changes within one month.

- Your childcare costs stop.
- Your average weekly costs fall to zero, or fall by £10 or more because you pay less costs, you get childcare vouchers or payments from your employer, or from a government scheme.
- If you pay fixed weekly childcare costs and your actual costs go down by £10 a week or more.
- The change must be in each week for four weeks in a row.
- If you pay different amounts (either weekly or monthly) at different times (for example, you pay more in the school holidays than at term-time) and your new average weekly costs go down by £10 or more.

**Also tell us** if your average or fixed weekly costs go up by £10 a week or more.

For more information about childcare costs or to check if your childcare provider qualifies see our leaflet WTC5 Working Tax Credit – Help with the costs of childcare. To get a copy go to www hmrc gov uk/leaflets/ wtc5 pdf or phone our helpline.

**The average weekly amount you pay your childcare provider**

Only include costs you actually pay yourself.

**Do not include:**

- any amount paid by your employer, in money or in vouchers towards your childcare costs (including vouchers through salary sacrifice)
- any amount paid by a local authority or local education authority towards the cost of childcare for three or four-year-olds
- any amount paid by a government scheme, for example, the Upfront Childcare Fund to help you start work.

**If you have just arranged a childcare provider and have not started paying them**

Ask your provider how much they intend to charge you and work out your weekly average over the next 52 weeks.

**Childcare costs - paying different amounts at different times**

(for example, you pay more during school holidays than term-time)

**Example 1**

Ahmed usually pays £60 a week for registered childcare during term-time. In the school holidays he pays for 10 weeks at £100 a week.

His total costs for 52 weeks are (£100 x 10) + (£60 x 39) = £3,340.

So his average weekly costs are £3,340 divided by 52 = £64.23 (round up to £65).

**Note:** only include costs for weeks that you actually pay for.

**Childcare costs paid monthly**

**Example 2**

Carmen pays for registered childcare monthly but the amount she pays varies from month to month.

In April she paid nothing and her other monthly payments in the last 12 months were:

- £200 a month for February
- £200 a month for October and December
- £400 a month for July and August
- £800 £150 a month for the other six months

Carmen’s average weekly costs are therefore £2,300 ÷ 52 = £45.

**Childcare costs - for just a short period**

If you only use childcare for a short fixed period, for example during the school holidays, you may be able to claim and get help with your childcare costs. By ‘fixed’ we mean that you know when the period of childcare will begin and end. To claim help with your childcare costs for a short fixed period, phone our helpline as soon as the childcare starts, or not more than seven days before. You will need to tell us the:

- start and end dates of the childcare
- actual cost of the childcare
- childcare provider’s details.

Are your change of circumstances correct and complete at Step B?

Yes – Go to Step C on page 8
**STEP C – Complete your Annual Declaration**

### Parts 1 and 2 - Your benefits or income details

**Certain benefits**

Do not put 'X' here if during any period covered by this Declaration you started work and received a run on payment of one of these benefits.

**Income details**

If you are an employee, do not leave this box blank. Please use the Working Sheet on page 11 to work out your earnings for the year to 5 April 2012. You can find out what you’ve earned from your P45 or P60 or your final payslip. **Please don’t send these to us.**

**Example - ‘Total pay to date’ on P45**

**Example - ‘Total for year’ on P60**

If you received Statutory Maternity, Paternity or Adoption Pay, and for other deductions, see Working Sheet on page 11.

### Taxable social security benefits received

If you’ve had any of the benefits listed below, add them all together and enter the total in the box:

- Bereavement Allowance
- contribution-based Employment and Support Allowance
- Carer’s Allowance
- contribution-based Jobseeker’s Allowance
- Incapacity Benefit paid after the first 28 weeks of incapacity (do not include Incapacity Benefit if you claimed before 1995 and have received it ever since)
- taxable Income Support (this only applies if you were in a couple, and the person receiving Income Support was on strike).

If you’re not sure what benefits you got, or how much, please contact your Social Security office or Jobcentre Plus.

### Income from self-employment

If you are self-employed you must tell us about your profits for the year to 5 April 2012. Use the notes on page 9 to help you work out your profit or to find out what figures you need to take from your tax return.

---

For help with other income, personal circumstances and Declaration, go to page 10.
STEP C — Complete your Annual Declaration

If you made Gift Aid payments, pension contributions or trading losses
If you:
• made any Gift Aid payments
• made contributions to an HMRC-registered pension scheme
• had trading losses
please go to www.hmrc.gov.uk/forms/tc825.pdf or phone our helpline and ask for TC825.
Do not include pension contributions to occupational pensions paid through the employer.

If you are self-employed
If you haven't filled in your tax return for 2011–12
You need to estimate your profits. Please tell us the actual amount of your profits by 31 January or we will use your estimate.
If you don't have all the information you need, you will have to make a best guess. If it was about the same each week or month, multiply this by:
• 52 if you are paid weekly
• 12 if you are paid monthly
• 13 if you are paid every four weeks.
If you didn't get the same amount each time you were paid, you will have to add up all the money you received during the year.

If you've filled in your tax return for 2011–12
Enter your total profit for the year in box 2.4. Copy this amount from one of the following:
• Short tax return, box 3.10
• Self-employment (short) pages, box 27
• Self-employment (full) pages, box 72, or
• Partnership (short or full) pages, box 14.

If you have more than one business
Add together:
• the adjusted profit from each of your Self-employment pages
• your share of the adjusted partnership profit from each of your Partnership (short or full) pages.

If your business had other income or profits
Include these in your box 2.4 amount — for example, rental income. Include any amounts from:
• Self-employment (short) pages, box 29
• Self-employment (full) pages, box 74
• Partnership (short) pages, box 17 or 26
• Partnership (full) pages, box 17, 66, 69, 72 or 73.

If you use averaging because you're a farmer, market gardener or creator of literary or artistic works
You can't use averaging in your tax credits claim. So you need to adjust your total profits figure to take out the averaging. This is how you do that.
You'll have entered a figure in:
• Self-employment (full) pages, box 71, or
• Partnership (short or full) pages, box 10.
If the figure in either of these boxes increases your profit, take this amount away from your total profits.
If the figure in either of these boxes reduces your profit, add this amount to your total profits.

If you traded outside of the UK in 2011–12
You should enter your profit in British pounds, not the foreign currency.
Phone our helpline if you need any help with this.

Help
If you need any help please:
• go to www.hmrc.gov.uk/taxcredits
• phone our helpline on 0345 300 3900 or
Textphone on 0345 300 3909.
For our opening hours go to www.hmrc.gov.uk or phone us.
STEP C – Complete your Annual Declaration

Parts 2, 3 and 4 - Your other income, personal circumstances and Declaration

Other income
If you have any other income, for example, interest on savings or State Pension, please use the Working Sheet on page 13. Do not fill in this box if your other income is:
- less than £300
- a maintenance payment
- a student grant or loan.

Personal circumstances
At Step A of your Annual Review we ask you to check that your personal circumstances at the start of your award period are shown correctly, and at Step B, that any changes are listed correctly.

Do you need to tell us about any changes in your personal circumstances for the award period shown on your Declaration?

No
Put 'X' in box 3.1 if the information is correct and you definitely have no changes to report.

Yes
Put 'X' in box 3.2 and contact us with the missing information or your change of circumstances.

If you write to tell us about a change of circumstances, please write ‘Change of circumstances’ on your correspondence.

Write to: Tax Credit Office, PRESTON, PR1 4AT or the address shown on your Annual Review.

Have you filled in Part 3?
Please check you’ve filled in Part 3 about your personal circumstances. We cannot renew your tax credits if you haven’t.

Declaration
Before you sign the Declaration at Part 4 please check that all the entries on your Annual Declaration form are correct.

It is very important that you give us the right information. We work out how much to pay you from what you tell us about your income and family circumstances.

If you do not tell us about a change in your personal circumstances or if you give us incorrect income details, you will not normally be able to change it after we have decided your final award.

If you give us incorrect information you may end up getting too much money and have to pay it back. You may be charged a penalty and you may be prosecuted.

If you have claimed tax credits as part of a couple, both of you may have to repay any tax credits overpaid. If either of you gives false information you may both have to pay it back. You may be charged a penalty and you both may be prosecuted.

If you act as an appointee for a couple, you only need to sign the Declaration once.
**STEP C — Complete your Annual Declaration**

**Working Sheet** — Earnings as an employee from all jobs for the year 6 April 2011 to 5 April 2012

Please phone our helpline if you are not sure what income to enter here.

**First enter your earnings**

If you worked outside the UK in 2011–12 you should enter your earnings in British pounds, not the foreign currency.

Total pay from all your employed work, including any tips and gratuities and Statutory Sick Pay. Enter the **gross** amount (before tax and National Insurance contributions are taken off).

Payment from your employer because your job changed or ended. The first £30,000 redundancy payment is not taxed so don’t include it here. Put any amount you got over that.
